NOTIFICATION.

Ootacamund, July 19, 1910.

No. 21.—The following notifications of the Government of India are republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY.

POST OFFICE.

No. 4559—4569—251.

Simla, the 27th June 1910.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

In the Resolution of the Government of India in this Department, No. 509, dated the 11th March 1905, it was decided that, with effect from the 1st July 1905, the rate of interest allowed on cash deposits at call in the Post Office Savings Bank which had previously been 3½ per cent. should be reduced to 3 per cent., while an increased rate of 3½ per cent. should be allowed on deposits held subject to six months' notice of withdrawal. Experience has proved that the system of deposits held subject to six months' notice of withdrawal has failed to find favour with the public, while it has thrown a great deal of additional work on Post Offices and Audit Offices and has led to the introduction of a complicated accounts procedure which is not readily understood and observed at the smaller Post Offices.

2. It has now been decided to abolish the system of deposits subject to six months' notice of withdrawal. The rate of interest on deposits at call will remain at 3 per cent., but the maximum limit of annual cash deposits will be raised from Rs. 200 to Rs. 500.

3. The Governor-General in Council is therefore pleased to direct that the following rules shall be substituted for those published in the Resolution of the Government of India in this Department, No 509, dated the 11th March 1905, and that they shall come into force from the 1st January 1911.

DEFINITIONS

"1 For the purposes of these rules—

Deposit means money paid into a Post Office Savings Bank by, or on behalf of, a depositor

Depositor means the person by whom, or on whose behalf, money is deposited.

Account means the account of a depositor in a Post Office Savings Bank.

Balance means the balance at credit of an account.

Minor means a person who has not completed the age of eighteen years.

Guardian includes a father, or, if the father be dead, a mother, or, if both parents be dead, and no guardian of the minor has been appointed, by will or deed or under any enactment for the time being in force in British India, any adult relation of the minor with or by whom the minor is residing or being maintained.

Director-General means the Director-General of the Post Office of India.

Postmaster-General means the chief postal authority in any province or place to which the system of Post Office Savings Banks is extended

Accountant-General means Accountant-General, Post Office and Telegraphs.

OBJECT OF GOVERNMENT IN ESTABLISHING POST OFFICE SAVINGS BANKS.

2. The object of Government in establishing Post Office Savings Banks is to provide a ready means for the deposit of savings, and so to encourage thrift Savings Banks are not to be used for the purpose of keeping a current account, and the Accountant-General is empowered to close accounts, or, in the case of accounts opened on behalf of minors, to stop the receipt of further deposits, should he have reason to believe that the accounts are being used for a purpose for which the Savings Bank was not intended.

BUSINESS HOURS.

3. Post Office Savings Banks will be open for the transaction of business between the hours of noon and 4 P.M. every day, with the exception of Sundays, Christmas day, New Years day, Good Friday and the King's Birthday These hours may, under the authority of the Postmaster-General, be altered to suit local circumstances.

POSTAL OFFICIALS BOUND TO SECRECY.

4 The officers of the Post Office engaged in the receipt or payment of deposits are not allowed to disclose the name of any depositor, or the amount deposited or withdrawn by him, except to the Postmaster-General or other officers of the department engaged in carrying out the provisions of these rules.

PERSONS WHO MAY DEPOSIT MONEY.

5. Any person may deposit money in a Post Office Savings Bank (*a*) on his own behalf, or (*b*) on behalf of any minor relative, or (*c*) on behalf of any minor of whom he is the guardian.

Exception.—A Government official may not open an account on behalf of a minor of whom he is the official guardian.

Explanation.—Minors are allowed to deposit money in their own names, and women, whether married or single, are allowed to deposit money in their own names, but subject, in the case of married women, to the limitation laid down in rule 6 (3)

LIMITATIONS AS TO OPENING ACCOUNTS AND DEPOSITS.

6. (1) Any person may open an account in his own name, but may not have more than one such account open.

(2) In addition to the account which a person may open in his own name, he may open any number of separate accounts on behalf of any minors who are related to him or of whom he is the guardian, provided that he shall not open more than one account on behalf of each such minor.

(3) The fact that an account has been opened on behalf of a minor shall not prevent such minor from opening an account in his own name; nor shall the fact that a married man has an account in his own name prevent his wife from opening a separate account in her own name, provided the money to be deposited by her is her own property or earning.

NOTE.—If, through any cause, an account has been opened in contravention of the provisions of this rule the depositor shall not be entitled to claim interest on the account and the Accountant-General may require him to close it at once.

7. Deposits in trust are not allowed, and cannot be recognised.

8. Money cannot be deposited in the name of two or more persons jointly, provided that nothing in this rule shall prevent the deposit of money in the name of a known firm.

9. The smallest sum of money that can be deposited at any time is four annas; and no sum can be deposited that includes a fraction of an anna.

10. The total amount which may be deposited in any one official year—from the 1st April to the 31st of March inclusive—may not exceed Rs. 1,500, of which not more than Rs. 500 may remain at call. The excess above Rs. 500, together with any further sum at the depositor's credit, which he may wish to invest (being a sum in whole rupees and not less than Rs. 10 in all), will be invested for him in Government securities under rule 46.

Example.—A depositor has deposited Rs. 490 from April 1st to November 10th and on November 20th brings Rs. 6 As. 8 to the Post Office to be deposited. The Rs. 6 As. 8 will be accepted as a deposit, provided that the depositor at the same time signs a form of application requesting that out of the Rs. 496 As. 8 any specified sum in whole rupees, not being less than Rs. 10 (e.g., Rs. 10 or Rs. 11) may be invested for him. In this way the depositor may continue to make deposits up to Rs. 1,500 in all during the year.

NOTE 1.—The annual limit of Rs. 500 for deposits remaining at call will be reckoned, irrespective of withdrawals, that is withdrawals will not be deducted in applying the limit. But amounts deposited for purposes of immediate investment, will be deducted in applying the limit. The proceeds of the sale of Government Securities credited to a depositor's account under rule 47 (3) will also be deducted in applying the limit in all cases in which such proceeds are withdrawn before interest becomes due on them under rule 29.

NOTE 2.—When an account is transferred from one Post Office Savings Bank to another, only such portion of it as was deposited in the current official year shall be included in calculating the limit of Rs. 500.

11. The total amount which a depositor may have at any time, whether at call, or invested, exclusive of interest for the current year, is Rs. 5,000 in the case of an adult and Rs. 4,000 in the case of an account opened on behalf of a minor by his relative or guardian, provided that, out of these total amounts of Rs. 5,000 and Rs. 4,000, not more than Rs. 2,000 in the case of an adult and Rs. 1,000 in the case of a minor may remain at call and that the balance in excess of these sums (*i.e.*, in excess of Rs. 2,000 or Rs. 1,000 as the case may be) is invested on behalf of the depositor under rule 46. Provided also that only sums in whole rupees and not less than Rs. 10 can be invested at any time.

Example.—A depositor has Rs. 1,950 at his credit in the Savings Bank and brings Rs. 58 As. 8 to be deposited. The Rs. 26 As. 8 will be accepted as a deposit provided that the depositor at the same time signs a form of application requesting that out of the Rs. 2,000 As. 8 any specified sum in whole rupees not being less than Rs. 10 may be invested for him. In this way the depositor may continue to make deposits up to Rs. 1,500 each year until his deposit at call and his investments amount together to Rs. 5,000.

NOTE.—The maximum balance of Rs. 2,000 (or Rs. 1,000 if the account was opened on behalf of a minor) which may remain at call may be increased by the addition from year to year of interest calculated on the maximum limit of Rs. 2,000 or Rs. 1,000, as the case may be, and also by interest on investments, credited under rule 49.

POWERS TO WITHDRAW MONEY AND LIMITATIONS AS TO WITHDRAWALS.

12. A depositor may withdraw money from his account only once a week. By the term "week" is meant the period from Monday to Saturday, both days inclusive. A depositor may, therefore, withdraw money from his account on Saturday and again on the following Monday.

13. A minor may only withdraw money deposited by him in his own name. Money deposited on behalf of a minor may only be withdrawn during his minority by his guardian.

14. Women, whether married or single, may withdraw money deposited by them in their own names, and married women may also withdraw money deposited by them as single women, in their own names, their marriage notwithstanding. The fact that a female minor, on whose behalf money has been deposited, is married, or becomes married after the account has been opened on her own behalf, shall not prevent her from withdrawing the money so deposited on attaining majority.

15. A depositor may not withdraw a smaller sum than four annas, and he may not withdraw any sum which includes a fraction of an anna unless it be to close his account, in which case he may withdraw the whole balance at his credit.

HOW TO OPEN AN ACCOUNT.

16. Any person wishing to open an account should apply to the nearest Post Office that is a Savings Bank. Application need not necessarily be made in person; but the applicant must state his name, his occupation or profession, and his place of residence. If he be a Native, he must also state his father's name and caste.

17. The intending depositor must sign a declaration, in the following form, that he has read and accepted the Post Office Savings Bank rules. If he be unable to write he must attend personally, and, in the presence of a witness, affix his mark or seal to the declaration to be attested by the signature of the witness. If he should apply in person, a copy of these rules will be given to him to read, or they will be read and explained to him, should he be unable to read. If he should not apply in person, a copy of these rules with the form of declaration will be sent to him and he must present the declaration duly signed, with the first deposit.

Form of declaration to be signed by depositor on making first deposit.

"I hereby declare that the Post Office Savings Bank rules have been read {by me / to me} and that I accept them as binding upon me.

"I further declare that I have no account opened by me on my own behalf at any Post Office Savings Bank."*

18. Women may open accounts in their own names through their agents or, if they are married women, through their husbands or agents. The agent or husband will be required to produce a letter of authority in the prescribed form from the depositor and to sign the declaration that the depositor understands and accepts the rules. No postal official may under this rule be the agent of any woman, except his own wife, in respect of an account held in the post office in which he is employed.

19. When the declaration is presented, duly signed, with the amount of the first deposit, or when it has been signed by a depositor attending in person to make a deposit, the amount of the deposit will be entered in a pass-book which will be supplied to the depositor, and the entry will be initialled by the postmaster and stamped with the office stamp. The depositor will be required to sign a receipt for the pass-book.

20. If the account be opened at a sub or branch post office, the pass-book for the depositor will have to be obtained from the head office. A preliminary receipt for the amount of the first deposit will, therefore, be given to the depositor, who will be informed of the date on which he should call to receive the pass-book. When the pass-book is handed over to the depositor, he will be required to return this preliminary receipt and to sign a receipt for the pass-book. The amount of the original deposit will be entered in the pass-book by the head office, and the depositor will therefore have a guarantee that the sum has been received in that office. He should be careful to see that the entry in the pass-book corresponds with the amount entered in the preliminary receipt before giving up the latter.

PASS-BOOK AND ITS IMPORTANCE.

21. The pass-book will show, in the vernacular of the district or in English, as the depositor may wish, the number of his account, with the name of the office from which the book is issued, his own name, occupation or profession, and address. No deposit can be made and no money can be withdrawn from an account without its production, and the post office will not be responsible for any sum not acknowledged in the pass-book. Depositors should carefully examine their books before leaving the office, and ascertain that the entries are correct. They should also be careful to keep their pass-books in their own possession, as the post office does not accept responsibility for any loss caused to a depositor, if, through his negligence, any person shall obtain possession of the book and fraudulently obtain the payment of any sum belonging to the depositor.

NOTE.—In the case of an account opened at a sub or branch post office, the pass-book will be sent to the head office as soon as possible after the 15th June, when the pass-book is presented for entry of interest under rule 30. The depositor will obtain a receipt in exchange for his pass-book, and he must give up this receipt when his pass-book is returned to him.

LOSS OF PASS-BOOK.

22. No charge will be made for the pass-book at first supplied to a depositor, or for any book issued to him in continuation of the original book which will be retained by the post office. But if a pass-book be lost or spoiled (except under circumstances over which the depositor has no control), or if any account be reopened with the permission of the Accountant-General (under rule 35), before the expiration of three months from the date of closure, the depositor will have to pay one rupee for a fresh book.

MODE OF DEPOSITING MONEY AFTER AN ACCOUNT HAS BEEN OPENED.

23. (1) A depositor may deposit money at the post office at which his account stands as often as he wishes, so long as the prescribed yearly and maximum limits are not exceeded. All that he is required to do is to take or send the amount to be deposited, with his pass-book, to the post office. The amount of his deposit will be entered in the pass-book, and the balance struck as shown below. The entry will then be initialled by the postmaster and stamped with the date stamp of the office, and the pass book will be returned to the depositor or his messenger :—

Date.	Date stamp of the post office.	Amount of each deposit or withdrawal (to be entered in words).	Amount deposited.	Amount withdrawn. *	Balance at credit of the depositor.	Initials of the postmaster.
1883.			Rs. A. P.	Rs. A. P.	Rs. A. P.	
3rd April	..	Deposited ten rupees ..	10 0 0	..	10 0 0	A B C.
16th April	..	Deposited twenty-five rupees.	25 0 0	..	35 0 0	A B C.
12th May	..	Withdrawn three rupees ..	..	3 0 0	32 0 0	A B C.

* NOTE.—The latter sentence is to be erased through in the case of an account opened on behalf of minor, in which case the person opening the account must make the following further declaration :—

"I declare that I have no account on behalf of the minor at any Post Office Savings Bank."

"I declare that the minor was born on (*state by—Christian era or nearly as can be ascertained*)."

(2) A depositor whose account stands at a head office may deposit money at any of the sub-offices under that head office which are Savings Banks, and a depositor whose account stands at a sub-office may deposit money at the head office of the sub-office or at any of the sub-offices of that head office which are Savings Banks. Similarly, a depositor at a branch office may deposit money at the office to which it is subordinate and if such office is a sub-office, he may also deposit money at the head office of such sub-office. With these exceptions a depositor may deposit money only at the post office at which his account stands.

NOTE 1.—No deposit may be made in an account which has been ordered to be closed.

NOTE 2.—No deposit may be made to an account opened on behalf of a minor after he has attained the age of 18 years.

24. If the amount be deposited at a sub or branch post office, the depositor will receive in addition to the receipt in his pass-book, an acknowledgment from the head office, which will generally be the office at the head-quarters station of the district. This acknowledgment will be delivered to him in ordinary course through the post office. If it should not reach the depositor in proper time, or if, when it reaches him, it should show any signs of erasure, or should not agree with the entry in the pass-book, the depositor should immediately apply to the postmaster of the head office, the name of which is in the pass-book, and renew his application again and again until he receives a satisfactory reply.

MODE OF WITHDRAWING MONEY.

25. When a depositor wishes to withdraw money he must present his pass-book personally or by agent at the post office at which his account stands, with a printed form of application for withdrawal, which can be obtained at the post office, signed by himself, and showing the balance at his credit and the amount which he wishes to withdraw. If the pass-book and application for withdrawal are presented by an agent, the name and signature of the agent should be entered in the application for withdrawal before it leaves the depositor's custody, and in any case the entries must be made before the application is presented at the post office. If the depositor is unable to write, he must attend personally and affix his mark or seal to the application. Should he be absolutely unable to attend personally, he must have his mark or seal affixed to the application and attested by some respectable witness, and the postmaster will make payment to the person presenting the application with the pass-book, after satisfying himself, by such enquiry as he may think proper, of the inability of the depositor to attend and of the genuine character of the application. The mark or seal of a depositor or messenger who cannot write must, at the time he receives payment of a withdrawal, be attested by the signature of a respectable witness (other than the paying officer) who is personally acquainted with the depositor or messenger (as the case may be) and also known to the postmaster or some member of the post office establishment.

NOTE 1.—If a depositor desires to withdraw the whole of the balance shown to his credit in his pass-book he will be required to close his account.

NOTE 2.—In the case of withdrawals made from the accounts of female depositors by their authorised agents under rule 18, the agent must sign the following certificate on the application for withdrawal :—"Certified that the depositor is on this day alive and sane."

26. Should any person other than the father, or if the father is dead, the mother, wish to withdraw money from an account opened on behalf of a minor and claim to do so as guardian of such minor, he will be required to fill in, on a form prescribed by the Director-General, answers to the following questions and such other questions as may be considered necessary, and will only be allowed to withdraw money on the order of the Postmaster-General in accordance with rule 41 :—

(*a*) What is your relationship to the minor?

(*b*) Is the father or mother of the minor dead, or are both parents dead? What near relatives of the minor are alive?

(*c*) Have you been appointed guardian of the minor by will or deed or under any enactment in force in British India? (If the reply to the question is in the affirmative, the applicant should produce the documents on which he relies to support his claim.)

(*d*) Are you an adult relative of the minor, and does he reside with you or is he maintained by you?

NOTE.—In the case of withdrawal made from accounts opened on behalf of male minors, the father or other guardian of the minor must sign the following certificate on the application for withdrawal :—

"Certified that the amount sought to be withdrawn is required for the use of the minor."

In the case of withdrawals made from accounts opened on behalf of female minors, the father, or the husband or other guardian of the minor must sign the following certificate on the application for withdrawal :—

"Certified that the amount sought to be withdrawn is required for the use of the minor who is not married *

who is my legally married wife †."

27. The amount to be withdrawn will be entered in the pass-book and a fresh balance struck, as in the case of a deposit, against the initials of the postmaster and an impression of the date-stamp of the office. The amount will then be paid to the depositor or to the person presenting the pass-book and application, and his receipt taken, in all cases free of stamp duty, on the warrant of payment.

28. (1) The payment of a withdrawal at a sub-post office is subject to the condition that funds are available in the office. If funds are not available, they will be obtained as soon as possible. In such a case the depositor will be informed of the date on which he should come to the post office to receive payment, and he will retain his pass-book. The amount will be paid on presentation of the pass-book on the date mentioned or any subsequent date within one week from that date.

(2) Every application for a withdrawal at a branch post office will be sent to the head or sub-office to which the branch office is subordinate, for a warrant of payment. The depositor will be informed of the date on which he should come to the branch office to receive payment and he will retain his pass-book. The amount will be paid on presentation of the pass-book on the date mentioned or any subsequent date within one week from that date.

* To be scored through in the case of the husband.

† To be scored through in the case of a person other than the husband.

(3) Payment at sub and branch offices will be made to the depositor or other person presenting the pass-book under the conditions laid down in rule 23, and his receipt will be taken, in all cases free of stamp duty, on the warrant of payment. The transaction will be entered in the pass-book against the initials of the sub or branch postmaster and an impression of the date-stamp of the office.

NOTE.—In the case of an application to withdraw from (*a*) a minor's account, (*b*) a security deposit account, (*c*) any of the conjoint accounts specified in rule 44, payment cannot, in any circumstances, be made until a warrant of payment is received from the head office.

INTEREST.

28. Interest will be allowed, until further orders, at the rate of 3 per cent. per annum on all deposits, subject to the condition stated in this rule. This interest will be allowed for each calendar month on the lowest balance at credit of an account between the close of the fourth day and the end of the month: provided that interest shall be allowed only on sums of complete rupees, and that it shall be calculated to the nearest pie: provided also that interest shall not be allowed on any sum in excess of Rs. 2,000 (or of Rs. 1,000, if the account was opened on behalf of a minor).

NOTE 1.—When an order has been issued to close an account, interest ceases to accrue from the first day of the month in which the order is issued (*see* end of rule 33).

NOTE 2.—Interest on the account of a deceased depositor ceases to accrue from the first day of the month in which notice is issued to the person or persons recognised by the Postmaster-General as entitled to receive the balance of the account. No interest will be allowed on money deposited after his death in the account of a deceased depositor.

30. The interest calculated as above for each month will be added each year to the balance of such account. Depositors should present their pass-books as soon as possible after the 15th June, in order that the necessary entries may be made in them. If the pass-book be not presented for this purpose, the entry will be made on the next occasion when a deposit is made or when money is withdrawn.

NOTE 1.—Pass-books of depositors in sub and branch post offices will be sent to the head office for the entry of interest under this rule.

NOTE 2.—No balance will be struck in the pass-book after the 31st March until interest has been added for the past year.

TRANSFER OF ACCOUNTS.

31. A depositor may have his account transferred, free of charge, to any post office that is a Savings Bank, *provided that the account shall have been in existence for three months previous to the transfer.* If he should wish to transfer his account, he must present his pass-book personally, or send it to the post office, and must in either case make a written application for transfer. The pass-book will be returned to the depositor, who should present it as soon as possible at the post office to which his account has been transferred, with a specimen of his signature.

NOTE 1.—Accounts cannot be transferred from one head post office to another between the 16th and 31st March, both days inclusive.

NOTE 2.—Accounts ordered to be closed cannot be transferred.

NOTE 3.—The pass-book of a depositor in a sub or branch post office will first be sent to the head office to have the orders authorising the transfer entered in it.

CLOSING AN ACCOUNT.

32. When a depositor wishes to close his account, he must present his pass-book with a form of application for withdrawal of the amount shown at his credit in the pass-book. The amount of interest due on his account up to the end of the calendar month preceding the date of presentation will be entered in the pass-book, and a final balance struck. The amount will then be paid to the depositor, and his receipt taken on the warrant of payment. The pass-book will be retained in the post office. If the application to close an account be presented at a sub or branch office, the same procedure will be followed as in the case of an ordinary withdrawal, except that the pass-book will be retained, and that the application and pass-book will, when interest is due, be in all cases sent to the head office for the warrant of payment.

NOTE.—The rule (*see* rule 12) which prevents a depositor from withdrawing money from his account more than once a week does not apply to the closing of an account, that is to say, an account may be closed within the week in which a withdrawal has been made.

33. If an order to close an account be issued by the Postmaster-General or the Accountant-General under these rules, notice in writing will be sent to the depositor requiring him to present his pass-book and receive payment of the balance at his credit as soon as convenient. After the date of such notice, no deposit will be accepted on the account, and no interest will be allowed upon the balance after the end of the calendar month preceding such date.

34. An account opened on behalf of a minor must, if still open, be closed by the person on whose behalf it was opened, on his attaining the age of 18 years. When the late minor is not in India and delay would cause substantial hardship, the Postmaster-General may allow the late guardian to close the account (on behalf of the late minor) on his indemnifying the post office against loss from any future claim. If a minor after attaining the age of 18 years still remains a minor by law or order of a court of justice, his guardian must close the account on the minor completing 18 years of age. Interest on an account opened on behalf of a minor ceases to accrue from the first day of the month in which the minor attains the age of 18 years.

RE-OPENING AN ACCOUNT.

35. A depositor who has once closed an account cannot open another account until after the expiration of three months from the date of closure without the permission of the Accountant-General; and a depositor whose account has been closed by order cannot open a fresh account in any case without the permission of the authority which ordered it to be closed.

DEAD ACCOUNTS.

36. Accounts in respect of which no transactions have taken place for the period specified below will be treated as "dead" and no subsequent deposit or withdrawal will be allowed in the case of such accounts without the previous orders of the Accountant-General :—

When the balance of the account	And when no sum has been deposited or withdrawn and no interest added for
does not exceed Rs 10	3 complete years.
" " " 100	6 " "
exceeds " 100	12 " "

Note 1.—By "transaction" in this rule is meant not only a deposit or withdrawal but also the presentation of the pass-book for the entry of interest.

Note 2.—A dead account does not lapse to Government, but may be reopened at any time on the application of the depositor, and the interest that has accumulated will be added to the principal when the account is revived.

PROCEDURE TO BE FOLLOWED IN CASES OF SUCCESSION AND GUARDIANSHIP.

37. If a depositor should die, leaving in a Post Office Savings Bank a balance, whether in cash or in Government securities, or both, not exceeding one thousand rupees, and if probate of his will, or letters of administration of his estate, or a certificate granted under Act VII of 1889, be not produced to the Postmaster-General within three months of the death of the said depositor, the Postmaster-General may pay the said sum of money to any person appearing to him to be entitled to receive it or to administer the estate of the deceased.

Note.—If the deceased depositor was a minor in whose name more accounts than one stand open, the balances at credit of all these accounts will be added together for the purpose of applying this rule.

38. Balances, whether in cash or Government securities, or both, in excess of Rs. 1,000 may only be paid on production of probate, letters of administration, or a certificate under Act VII of 1889, unless otherwise ordered by the Director-General, who has discretionary power to dispense with such evidence in cases where he is of opinion that to require it would cause hardship, and that to dispense with it would involve no appreciable risk. If the balance in excess of Rs 1,000 be that of a cash deposit account opened on behalf of a deceased minor—the balance of which, excluding interest, cannot under these rules exceed Rs. 1,000—the discretionary power may be exercised even if the condition of hardship be not established.

Note.—In the case of a deceased minor on whose behalf more accounts than one have been opened, and the total balance (excluding interest for the current year) at credit of these accounts exceeds Rs. 1,000 the *first sentence* of this rule will apply

39. If any depositor becomes insane or otherwise incapable of managing his affairs, and if such insanity or incapacity be proved to the satisfaction of the Postmaster-General, then the Postmaster-General may, from time to time, make payment out of the deposits to any proper person. Where a committee or manager has been duly appointed to administer the depositor's estate, nothing in this rule authorises payments to any person other than such committee or manager.

40. The deposits of non-commissioned officers and soldiers of the British Army who die intestate, desert, or become insane or otherwise incapable of managing their affairs, will be made over, on application to the President of the Committee of Adjustment.

41. When any person other than the father, or, if the father is dead, the mother claims to withdraw money from an account opened on behalf of a minor as being the guardian of such minor, the Postmaster-General may authorise the applicant to withdraw money from the account for the minor's use, in accordance with the following rules :—

(a) Where the applicant claims to be guardian under the law, on production of proof of the claim to the satisfaction of the Postmaster-General.

(b) Where the applicant claims as guardian duly appointed by will or deed, on production of the documents supporting the claim.

(c) Where the amount of the account does not exceed Rs. 250 and the applicant does not claim to be guardian under clause (a) or clause (b), upon his giving evidence to the satisfaction of the Postmaster-General that he (the applicant) is the guardian of the minor.

(d) Where the amount of the account exceeds Rs 250 and the applicant does not claim to be guardian under clause (a) or clause (b), upon the applicant producing a certificate of administration granted under Act VIII of 1890.

(e) In any case of doubt the applicant (not being the father or mother of the minor) may be required to produce a certificate of administration, under Act VIII of 1890, before payment is made to him.

Note.—An authority given by the Postmaster-General under (c) will not hold good for a subsequent withdrawal if the balance of the account then exceeds Rs. 250.

PUBLIC ACCOUNTS

42 The following special conditions govern the opening of "Public Accounts" and their transactions :—

(a) Accounts may be opened by secretaries, treasurers, or managers of the funds of any dispensary, church or other religious institution, school, orphanage, asylum or library, or of any

other funds contributed, for purposes other than the private or personal advantage or amusement of the contributors. Race, racquet, billiard, mess and similar funds, the objects of which are of a private or personal nature, cannot be allowed accounts.

Illustration.—The funds of regimental and public bands, which are maintained for purposes other than private advantage or amusement, are admissible.

Explanation (2).—A library fund is admissible, even though the library is open only to subscribers.

" (2).—If an institution has two or more distinct funds which cannot, under their constitution and in accordance with the conditions imposed by the donors, be amalgamated, an account is admissible for each such fund.

" (3).—The prohibition of current accounts when applied to a public account extends only to the use of the account for full details of the income and expenditure of the fund and does not prevent the periodical credit of subscriptions or other receipts, or the periodical withdrawal of money for expenditure; *e.g.*, a building fund raised for the erection of a church or charitable institution is admissible.

(*k*) Secretaries, treasurers, or managers of societies registered under the Co-operative Credit Societies Act, 1904 (X of 1904), or under similar enactments in force in Native States, may be allowed accounts.

(*l*) Secretaries and managers of benevolent funds (that is, funds formed by mutual subscription as an insurance against domestic misfortune) may be allowed accounts.

(*m*) Officers of Government or of public institutions, such as railway and steamer companies, and the like, who collect subscriptions, voluntary or departmental, from their subordinates for departmental purposes, may be allowed accounts.

Explanation.—For the purpose of this rule, the term "Officers of Government" includes any officer of the Government of a Native State the posts of which have been amalgamated with the Imperial Post.

(*n*) Public accounts of the kind specified above must be designated by names indicating the objects to which the money is devoted, as *A—pore Dispensary Fund, Workmen's Sick Fund, etc.*, and information must be given in writing regarding the object and source of income of the fund.

(*o*) Each new public account must be authorised by the Postmaster-General before it is opened. The Postmaster-General is empowered to direct that a public account be closed should its object at any time be such that the account could not, under the rules, be opened as a public account.

(*p*) In every case in which the holder of a public account, other than a public account held by an officer of Government in his official capacity, is changed, a fresh declaration (*See* rule 17) must be filled up.

(*q*) The limitations laid down in rule 6 are not meant to prevent any person from opening more than one *ex-officio* or public account.

(*r*) The prohibition against deposits in the name of two or more persons jointly (*see* rule 8) does not apply to public accounts.

(*s*) The annual limit of Rs 500 and the maximum limit of Rs. 2,000 for deposits (*see* rules 10 and 11), as well as the maximum limit of Rs 2,000 for calculation of interest (*see* rule 20), do not apply to public accounts. But no public account may have at any time more than Rs 10,000 at its credit, exclusive of interest for the current year; and no interest will be credited on any sum in excess of Rs 10,000.

(*t*) The amount of withdrawals within a calendar month from a public account is limited to Rs. 1,000, unless the person who holds the account gives notice to the post office at which the account stands of his intention to make additional withdrawals. The notice must specify the amount to be withdrawn and be given one month in advance by means of an ordinary letter addressed to the postmaster which should specify the date on which it is intended to make the withdrawal, and if it is intended to withdraw the amount in two or more instalments, specific information must be given in the notice as to the number of instalments and the amount and date of withdrawal of each instalment.

(*u*) In the form of declaration (*see* rule 17), which every intending depositor is required to sign, the words "I further declare that I have no account opened by me on my own behalf at any Post Office Savings Bank" should be scored through in the case of a public account.

43. No account may be allowed for money—

(*a*) which is the property of Government, or

(*b*) which has been received for credit of Government, or

(*c*) which has been drawn from the Treasury for expenditure on account of Government, or

(*d*) which is raised by taxation, either local or municipal, or

(*e*) which is collected or received or held in trust by any public officer or court in accordance with any law, provided that the money is the property of Government.

NOTE 1.—Nothing in this rule prevents the opening of a public account for money which is not the property of Government by the Managers of funds held in trust for the relief of the poor, for the provision of education or medical relief, or for the advancement of any other object of general public utility, irrespective of whether such Managers are public officers or not.

NOTE 2.—Nothing in this rule prevents the opening of an account for a judicial deposit in accordance with a special order passed by a court of law in a particular case directing the investment of the money in the Post Office Savings Bank. Such an account, when admitted, is subject in every respect to the rules and limitations which govern ordinary private accounts.

REGIMENTAL, POLICE AND OTHER CONJOINT ACCOUNTS.

44. The following special conditions govern the opening of the conjoint accounts specified below and their transactions:—

(*a*) The Commanding Officer of a Native Regiment may open a single account with the Post Office Savings Bank on account of the men of his regiment making his own arrangements about the separate accounts of the individuals, and about the distribution to them of the interest credited upon the conjoint account. In other respects the account shall, except when the contrary is stated, be subject to the general rules for other accounts. The Commanding Officer must, when opening the account, sign a certificate, that, to the best of his belief, the money is the property of the men of the regiment.

(d) District Superintendents of Police, and officers in command or in charge of any Police Force, may open similar accounts on account of the men of the Police Force under their command or charge.

(e) Chairmen of District Boards and Municipalities are also allowed to have similar accounts on account of servants of such Boards and Municipalities, in accordance with rules which may be sanctioned from time to time by Local Governments.

(f) Secretaries of Cantonment Committees are also allowed to open similar accounts on behalf of non-pensionable employees paid from cantonment funds, in accordance with rules which may from time to time be sanctioned by the Government of India.

NOTE.—Nothing in this rule shall be held to prevent any minor or any of the above mentioned classes of persons for whom a competent account has been opened, from opening an account of his own, in his individual capacity.

(*e*) The annual limit of Rs. 500 and the maximum limit of Rs. 2,000 for deposits (*see* rules 10 and 11), as well as the maximum limit of Rs. 2,000 for calculation of interest (*see* rule 29), do not apply to accounts opened under this rule.

(*f*) Except with the special sanction of the Director General, the amount of withdrawals within a calendar month from an account opened under this rule is limited to Rs. 1,000 unless the person who holds the account gives notice to the post office at which the account stands of his intention to make additional withdrawals. The notice must specify the amount to be withdrawn and be given one month in advance, by means of an ordinary letter addressed to the postmaster which should specify the date on which it is intended to make the withdrawal, and if it is intended to withdraw the amount in two or more instalments, specific information must be given in the notice as to the number of instalments and the amount and date of withdrawal of each instalment.

(*g*) In the form of declaration (*see* rule 17), which every intending depositor is required to sign, the words "I further declare that I have no account opened by me on my own behalf at any Post Office Savings Bank" should be scored through in the case of accounts opened under this rule.

SECURITY DEPOSIT ACCOUNTS.

45. The following special conditions govern the opening of security deposit accounts and their transactions :—

(*a*) Government servants, servants of railway companies, of local authorities and of courts of wards who are required by their employers to deposit security, contractors who are required by Government or local authorities to deposit security, and persons who are authorised under section 202 of the Sea Customs Act, VIII of 1878, to act as agents for the transaction of business in any custom house on behalf of the public, and are required under that section to deposit security, may be allowed separate accounts for the security deposit only.

Explanation.—For the purpose of this rule, the term "Government servants" includes any servant of the Government of a Native State the Posts of which have been amalgamated with the Imperial Post.

NOTE.—Local authority means any body corporate, municipal committee, or other persons legally entitled to the control or management of any local or municipal fund or legally entitled to impose any cess, rate, duty or tax upon any persons within any local area.

(*b*) A person undertaking more than one work or contract at the same time may be allowed a separate account in respect of each.

(*c*) The maximum limit for each separate account is Rs. 500, and the amount may be deposited in a single sum or by instalments.

(*d*) A person may open a security deposit account either on his own behalf or on behalf of another person. More than one account, however, may not be opened as security for the same person in respect of the same work or contract.

(*e*) A security deposit account may be opened in the joint names of the persons undertaking the same work or contract.

(*f*) The depositor will be required to sign a letter (in a form prescribed by the Director-General) addressed to the postmaster, undertaking not to make any claim on the Savings Bank for the principal of the sum deposited, except with the express written sanction of the person referred to in the letter to whom the security is pledged; not to object to the payment by the Bank of the whole or part of the principal to such person on his claiming it and not to make any claim for interest from the date on which interest has ceased to accrue owing to the payment of the principal to such person or from the date on which such person has sanctioned the repayment of the deposit.

(*g*) The officer to whom the security is pledged as above may, with the consent of the person pledging the security, open an account for such security in his own name, *e.g.*, "Executive Engineer, A—pore, on account of security of A. B." In this case the deposit will be received from the officer to whom the security is pledged and the pass-book will be issued to him.

(*h*) Interest on security deposits will accrue and be paid in the usual manner, subject to the conditions specified in the latter mentioned in clause (*f*) of this rule. No interest, however, will be allowed on any sum in excess of Rs. 500 that may be at credit of a security deposit account.

(*i*) The prohibition against the transfer of an account until it has been in existence for three months (*see* rule 31) does not apply to security deposit accounts.

(*j*) In the form of declaration (*see* rule 17), which every intending depositor is required to sign, the words "I further declare that I have no account opened by me on my own behalf at any Post Office Savings Bank" should be scored through in the case of a security deposit account.

PURCHASE OF GOVERNMENT SECURITIES.

46. (1) Any person whether previously a depositor in the Post Office Savings Bank or not may invest through the Post Office in Government securities, in one of the 3½ per cent. loans, specifying in his application either the sum to be invested or the nominal value of the securities to be purchased: provided that the sum to be invested or the nominal value of securities to be purchased shall be in whole rupees, and not less than Rs. 10: provided also that the total amount invested in any one official year from the 1st of April to the 31st of March shall not exceed Rs. 1,000 and that the total amount invested through the Post Office, after deducting any sum sold through the Post Office, shall not exceed Rs. 5,000 in the case of an adult or Rs. 4,000 in the case of a minor.

(2) If the nominal value of securities purchased is less than Rs. 100, an Investment Certificate will be issued. If the nominal value of the securities is Rs. 100, the investor may have either an Investment Certificate or a whole piece of Government paper for the amount, and if the nominal value of the securities is above Rs. 100, he may have either (i) an Investment Certificate for the entire amount, or (ii) whole pieces of Government paper of Rs. 100 or any multiple of Rs. 100, and an Investment Certificate for the remainder, provided that the remainder is not less than Rs. 10.

NOTE.—In the case of all applications for the purchase of Government securities, either the whole or a portion, of the balance standing at the credit of the depositor's Savings Bank account may be made available, or a special deposit made, for the purpose of providing the amount required.

(3) When whole pieces of Government paper are required, the investor has the option of requesting, in his application, that the paper should remain in the custody of the Accountant-General, or be delivered to him. In the former case, a receipt from the Accountant-General for the paper will be delivered to the investor. When paper is to be delivered to the investor, it will be enfaced for payment of interest at the district treasury and be forwarded to the post office for delivery to the investor. In the case of Government securities represented by an Investment Certificate, the securities will remain in the custody of the Accountant-General, and no paper can be delivered to the investor or enfaced for payment of interest at the treasury.

(4) Applications for Investment Certificates and Government Promissory Notes must be made on separate forms of application prescribed by the Director-General. If the applicant is already a depositor in the Post Office Savings Bank, he should present his pass-book with his application; if he is not already a depositor, a pass-book will be prepared and delivered to him.

(5) When an application for an Investment Certificate is presented at a head or a sub-post office, an Investment Certificate, signed by the head or sub-postmaster as the case may be, will be handed to the investor *across the counter of the post office*. When the application is presented at a branch post office, an Investment Certificate will be obtained for the investor from the head office or the sub-office to which the branch office is subordinate. The Accountant-General will fix the rate at which Government securities represented by Investment Certificates can be purchased. This rate will be communicated to head and sub-postmasters and will remain in force until it is changed by the Accountant-General.

(6) Two or more Investment Certificates may, at any time, be exchanged for a single certificate of their aggregate value. Also, one or more Investment Certificates of the nominal value of not less than Rs. 100 may at any time be exchanged for a whole piece of Government paper of Rs. 100 or any multiple of Rs. 100. The certificates to be exchanged must be presented at the local post office, entered in the appropriate form of application prescribed for the purpose by the Director-General. Separate forms are provided for exchanging—

(a) two or more certificates for a single one, and

(b) one or more certificates for a whole piece of Government paper.

(7) In each case in which an Investment Certificate is issued by a sub-office, the depositor will receive a confirmation by post from the head office showing the No., date, and nominal value of the Investment Certificate and the cash balance left at credit of the account after the transaction. If the confirmation does not reach the depositor in proper time, or if, when it reaches him, it shows any signs of erasure, or does not agree with the entries in the Investment Certificate or the pass-book, the depositor should immediately apply to the postmaster of the head office and renew his application until he receives a satisfactory reply.

(8) Applications for Government Promissory Notes presented at any post office will be forwarded to the Accountant-General, at Calcutta, who will take the necessary steps for the purchase. *The investor will be charged with the actual price paid for the Government promissory notes.* The entries in connection with the investment will be noted in the pass-book by the head office.

NOTE.—The annual limit of Rs. 1,000 and the maximum limit of Rs. 5,000 for investments through the Post Office do not apply to investments in connection with public accounts, with regimental, police, and other conjoint accounts, or with security deposit accounts.

SALE OF GOVERNMENT SECURITIES.

47. (1) Any depositor may apply for sale through the Post Office of the whole, or of any portion, of any Government securities which may have been purchased for him through the Post Office, whether held by himself or held for him by the Accountant-General provided that, if only a portion of the Government securities is specified for sale, the nominal value of this portion must not be (a) less than Rs. 10 or (b) such a sum as would leave a balance of securities of the nominal value of less than Rs. 10.

(2) Applications for the sale of (a) Investment Certificates, and (b) Government Promissory Notes, must be made on separate forms of application prescribed by the Director-General of the Post Office. In the former case, the application must be accompanied by the Investment Certificates, and the securities will be sold at the same rate as that fixed by the Accountant-General for the purchase of securities represented by Investment Certificates. In the latter case, such of the Government Promissory Notes to be sold as are not held by the Accountant-General must be presented with the application endorsed in favour of the Accountant-General, and these, together with any Government Promissory Notes in the custody of that officer which are specified for sale, will be sold at the current market rate.

(3) The results of sale will be intimated to the depositor by the Accountant-General through the postmaster concerned with the least possible delay after the receipt of the application. The proceeds of sale, together with any interest that may be due, will be credited to the depositor's Savings Bank

account in the first instance and, if the annual or total cash limit of his account is thereby exceeded, the excess will not bear interest and must be withdrawn by the depositor. When, however, such sale-proceeds are withdrawn by the depositor before interest becomes due on them under rule 29, they will not be taken into account in calculating the annual and total cash limits of the account.

NOTE.—Securities purchased in the name and on behalf of a minor cannot be sold during the minority except by the minor's legally constituted guardian, and the definition of guardian in rule 1 of these rules does not apply to the sale of such securities.

SAFE CUSTODY OF GOVERNMENT PROMISSORY NOTES.

48. (1) A depositor may tender at a Post Office Savings Bank for safe custody by the Accountant-General, Government Promissory Notes which have been purchased for him through the Post Office. The tender must be made on the form prescribed by the Director-General, and the notes tendered must be endorsed to the Accountant-General. A receipt for the notes from the Accountant-General will be delivered to the depositor.

(2) A depositor may also, at any time, apply through the local Post Office for the delivery to him of any Government Promissory Notes which have been purchased for him through the Post Office. The application must be made in the form prescribed by the Director-General. The notes will be delivered to the depositor on his surrendering the receipt originally granted to him by the Accountant-General duly endorsed in acknowledgment of his having received back the notes.

INTEREST ON GOVERNMENT SECURITIES.

49. So long as Government securities purchased through the Post Office remain in the custody of the Accountant-General, under rules 46 (3) and 48 (1), interest when due * will be drawn and advised to the local Post Office Savings Bank by the Accountant-General for credit to the depositor's account. If the annual or total cash limit of the account is exceeded, the excess will not bear interest.

* NOTE.—In the case of Government securities represented by Investment Certificates, interest will, for the present, be due on the 1st May and 1st November of each year.

50. No fee commission, or brokerage of any kind is charged for the purchase, sale, safe custody or delivery out of custody of Government securities bought through the Post Office or for the realisation and remittance of interest on such securities. So long as Government securities purchased through the Post Office remain in the custody of the Accountant-General, under rules 46 (3) and 48 (1), the interest thereon is exempt from income-tax.

POWER OF GOVERNMENT TO ALTER RULES.

51. The Governor-General in Council reserves the right to alter or add to these rules at any time.

ORDERED that this Resolution be published in the *Gazette of India* for general information, and that it be communicated to the Finance Department, the Director-General of the Post Office of India, and the Accountant-General, Post Office and Telegraphs.

No. 3295-P.

RESOLUTION—By the Government of India, Finance Department.

READ—

Resolution No. 146, of 31st January 1888,
Resolution No. 2255-P., of 17th May 1899.

1. In a case which recently came before them, the Government of India observed some misconception regarding the conditions upon which a Government officer may transfer his services to another Government office or department. It seems desirable therefore to affirm and to some measure to amplify the principles embodied in the existing orders on the subject. The Resolutions cited in the preamble are accordingly cancelled, and the Governor General in Council is pleased to convey the following instructions for general observance.

2. It is the duty of a Government officer, who wishes to transfer his services to a different Government office or department, to obtain the consent of the authority which appoints to his existing post before taking up the new employment. If he takes up the new employment without such consent, he commits a breach of discipline and is liable to be punished, in the last resource, by dismissal from his former post and consequent loss of pensionable service. Resignation of his former appointment will not, it should be noted, protect him from this penalty.

3. In granting or withholding consent to the acceptance by a subordinate of other Government employment, the head of an office or department must consider whether the transfer will be consistent with the interests of the public service. Permission should not be refused, however, without strong reason, which should be recorded in writing.

4. The head of an office or department shall not employ, either temporarily or permanently, an officer whom he knows, or has reason to believe, to belong to another establishment without the previous consent of the head of the office or department in which he is employed. In the rare cases in which, for reasons which appear satisfactory to the new employer, an officer cannot obtain the required consent before taking up the new appointment, the employment may be made conditional on consent being obtained at the earliest opportunity.

5. The foregoing instructions apply equally to officers on leave, whether with or without allowances. All leave allowances must *ipso facto* cease on the taking up of new employment, other than work of a purely casual nature.

Ordered, that this Resolution be published in the *Gazette of India*.

EXAMINATIONS.

No. 61.—In supersession of previous orders on the subject, the Governor General in Council is pleased, with the concurrence of the Right Honourable the Secretary of State for India and the Lords Commissioners of the Admiralty, to notify the following rules regarding the grant of donations to officers of His Majesty's Royal Navy on the East Indies Station who pass examinations in Oriental languages, and of the monthly allowances to those who are appointed interpreters :—

1.—Officers of the Royal Navy will not be required to qualify for the appointment of interpreter in an Oriental language by the higher standard, nor will allowances or rewards for passing by the higher standard, be granted.

II.—Officers of the Royal Navy on the East Indies Station, who wish to qualify for the post of interpreter, will be required to pass in Persian, or in Hindustani by the lower standard, or a colloquial examination in Arabic according to the following test.—

(*a*) Conversing with the Examiner, or in his presence with persons selected by him, with fluency and such correctness of expression as to be at once intelligible.

(*b*) Writing with accuracy a translation into Arabic in the English character, of a paper of English sentences based on subjects in connection with which the candidate might ordinarily be called on to interpret.

III.—The standard for Swahili is purely colloquial.

IV.—The following table shows the rewards and monthly allowances admissible under these rules.—

Languages.	Interpreter's monthly allowance.	Donations.
	Rs	Rs.
Swahili	75	..
Arabic or Persian and Hindustani (two languages)	75	..
Persian	50	..
Hindustani	50	..
Swahili	..	150
Arabic	..	300
Persian	..	150
Hindustani	..	150

V.—No ship will be allowed more than one interpreter in each language, and should an officer draw an allowance of Rs. 75 a month as interpreter in Arabic (or Persian) and Hindustani (two languages), the allowance will not be admissible to any other officer on the vessel as interpreter.

VI.—All charges on account of Swahili qualifications will as heretofore be borne by the Imperial Government, who will also bear the charges on account of Hindustani, except in the case of the Assistant Pay Master, Royal Naval Depot, Bombay, which, as well as the charges on account of the other languages, will be borne by Indian Revenues.

VII.—The examinations may be held at any place on the station where a duly qualified board of officers, or one officer fully capable of conducting them, can be found; but the report of such board or examining officer will be sent to the examining authority at the nearest Presidency town.

No. 379.—

RULES TO REGULATE SHOOTING IN THE RESERVED AND THE UNRESERVED LANDS IN THE NORTH COIMBATORE AND KOLLEGAL FOREST DIVISIONS.

In exercise of the powers conferred by section 26 (*f*) of the Madras Forest Act (V of 1882) and in partial modification of the rules published in Notification No. 431, at pages 1094, 1095, Part I of the *Fort Saint George Gazette*, dated 1st September 1896, His Excellency the Governor in Council is pleased to close to hunting and shooting all reserved and unreserved lands in the North Coimbatore and Kollegal divisions except on license and as provided for in the following rules; provided that nothing in these rules shall apply to cultivating ryots who take out licenses for the *bonâ fide* protection of their crops:—

1. Subject to the provisions of Madras Act I of 1879, any person who may desire to hunt or shoot within the limits of any reserved or unreserved lands specified in the subjoined schedule I, shall be bound to take out a license therefor at the office of the Collector of Coimbatore. Hunting or shooting without such a license is prohibited.*

* *Note.*—The following officers are exempted from being required to take out a license:—

(1) All officers of the Madras Forest department of or above the rank of Forester in North Coimbatore and Kollegal divisions within their respective jurisdiction.

(2) All officers of the Survey of India Parties of and above the rank of Sub-Assistant Superintendents employed on Forest survey work in the divisions of North Coimbatore and Kollegal.

(3) The Government Botanist, Madras.

(4) Members of the Board of Revenue and District Collector.

(5) The Superintendent, Government Museum, Madras.

2. Such license shall not be transferable. It will be valid only to the end of the season to which it relates at whatever time in the season it is taken out. The Collector may at his discretion grant licenses to Non-commissioned officers and men of His Majesty's forces on such special terms as he may think fit for *bonâ-fide* sporting purposes.

3. The Collector may refuse to grant a license to an applicant who has been convicted of an offence against the rules under the Madras Forest Act (V of 1882) relating to hunting, shooting or fishing or for any other special reason to be stated in writing.

4. Within the limits to which these rules apply, no person shall, at any time of the year shoot at, trap or snare any of the insectivorous birds specified in schedule II annexed to these rules.

5. No license taken out under the foregoing rules will be held to give authority to hunt or shoot in contravention of rule 4.

6. Beating and the setting of traps or snares is forbidden except by the special permission of the Collector.

Special conditions to be attached to licenses granted to shoot in the North Coimbatore and Kollegal Forest divisions.

For the issue of shooting licenses the reserves in the North Coimbatore and the Kollegal divisions will be divided into six blocks as shown in schedule I. The reserved and unreserved lands specified in schedule II lie within the blocks mentioned in schedule I. Hunting or shooting within these areas is not allowed except on a license.

2. (a) As a rule not more than one party will be allowed to shoot in a block in any one calendar year, but the Collector may relax this rule at his discretion.

(b) A party will be limited to two guns.

(c) Blocks will be allotted in the order of applications. If applicants do not mention in their applications in what order they prefer the blocks, the District Forest Officer will allot what he considers the best block to the first applicant and so on.

(d) A party vacating a block for ten days or more will lose their lien on it.

(e) License-holders will have a lien upon the block allotted them subject to (d) above, but they will not have an exclusive right to the block as against touring officials of the district holding licenses or the permanent residents of the divisions holding licenses who may shoot in any block whether allotted or not subject to the etiquette usual among sportsmen.

3. Persons permanently resident in the Kollegal division and in that portion of the North Coimbatore division north of the Bhavâni river will be considered residents for the purpose of 2 (c).

4. The expression "touring officials of the district" shall mean all officials who are required or permitted to tour in the Kollegal or North Coimbatore divisions on duty.

5. The fee for a license will be Rs. 10 for permanent residents and touring officials, and Rs. 50 for visitors.

6. No one shall shoot nilgai or the females or immature males of bison, sambhur, chital, antelope, four-horned antelope, munt-jac or jungle sheep.

The expression "mature males" in the case of sambhur and chital shall mean stags in hard horn measuring 25 inches length or over.

7. A license-holder will only be permitted to shoot up to the following limit:—

Bison	2 (except in the Madeswara Malai block V where the limit is 1).
Sambhur	3
Chital	3
Antelope	1
Four-horned antelope	2

No limit is fixed at present in the case of other species.

The limit fixed is strictly individual, and if two licensees shoot in a party, one of them cannot exceed the limit on the ground that the other licensee is short of it.

8. The Collector may at any time close any part of any forest to shooting entirely or for certain species whether such area is included in a block for which licenses have been given or not.

9. Whenever any animal is shot, the license-holder must present his license for endorsement to the nearest Forest officer not below the rank of Forest guard and at the conclusion of the year, or when the licensee finally quits the shooting block, the license must be returned to the District Forest Officer of the division in which the block is situated with a statement of what has been shot. Trophies must be produced for inspection whenever required by a Forest officer not below the rank of Forest guard.

10. License-holders will be bound to give to the nearest Forest officer without delay information which they may possess regarding the commission or intention to commit any forest offence or regarding the occurrence of fire (see section 23 of the Madras Forest Act).

11. Nothing in this license shall be deemed to permit the capture or removal of any living animal.

12. Infringement of any of these rules may entail the cancellation of the permit and the confiscation of all trophies.

REVENUE DEPARTMENT.

Ootacamund, July 14, 1910.

The following Resolution of the Government of India is republished :—

HOME DEPARTMENT

CENSUS.

Simla, the 28th June 1910.

IMPERIAL TABLES PRESCRIBED IN CONNECTION WITH THE CENSUS OF 1911

NOS. 192—208.

RESOLUTION.—The general and household schedules sanctioned for adoption throughout British India in connection with the decennial census of 1911 were annexed to the Home Department resolution Nos. 67-81, dated the 31st March 1910. The returns attached to the present resolution, with comply with the requirements of international statistics and contain all the information that is necessary for administrative purposes, are, with the exception of tables XV, parts C and D, and XVI, which may be prepared or not at the option of local Governments, prescribed for general adoption. The principles on which they have been drawn up are stated in the annexed memorandum, which explains their relation to the tables attached to the Home Department resolution Nos. 137-149, dated the 3rd August 1900. In determining the form of these returns the Government of India have taken into consideration the suggestions which have been made by the Registrar General of the United Kingdom.

2. At the last census a distinction was drawn between Imperial Statistics or tables of general interest, and Provincial Statistics, or the additional tables required in each province for local administrative purposes. The unit of the former was the district, while that of the latter was the tahsil, taluk, thana or township. The Provincial Tables were printed in separate volumes, but they formed part of the Imperial series of census volumes and were numbered and distributed accordingly. The Government of India consider it unnecessary that the Provincial Statistics, which are compiled for local purposes, should be circulated outside the limits of the province to which they refer, and they have accordingly decided that, on this occasion, they will not form part of the Imperial series, but will be printed in entirely separate publications. Local Governments will decide for themselves what Provincial Statistics are required. Attention is, however, invited to the observations contained in the Home Department resolution Nos. 137-49 (Census), dated the 3rd August 1900, where it was pointed out that there is a tendency to multiply statistics out of all proportion to the use that will ever be made of them. Without wishing to interfere unduly with the discretion of local Governments in a matter of this kind, the Government of India desire that more care may be taken than was done in some cases at the last census to include in the Provincial Statistics only such tables as are likely to be of real use.

3. While adhering to the definition of Imperial Statistics laid down in 1900, and recognizing that their unit should ordinarily be the district, the Government of India consider that it would be desirable to include in the Imperial series of tables a few of the main statistics for smaller administrative units (thanas, taluks or tahsils) such as total population, density, variation since 1901, distribution by

religion and the number of literate persons. Such figures are of more than local interest; and even when the Provincial Tables are available, it is inconvenient to have to turn to another volume to find them. Drafts of two tables containing the above information are appended to this resolution, but local Governments are at liberty to modify the forms, should it appear desirable to do so, provided that the space occupied by them is not materially increased.

4. The cost of preparing and printing the statistics referred to above, and also of preparing in manuscript a simple table showing the population of each village by sex and religion, will be an imperial charge, but that of preparing any other tables, and of printing the village tables, should this be thought necessary locally, will be met from provincial revenues.

5. The Government of India desire to emphasise the orders of 1900 that the Provincial Census reports should be completed and sent in within a year from the date of taking the census.

Explanatory memorandum.

(i) *Table I (Area, houses and population).*—This is identical with the corresponding table of the last census.

(ii) *Table II (Variations in the population since 1872).*—This is identical with the corresponding table of the last census, except that five censuses have now to be dealt with instead of four. The columns have been rearranged slightly, as the additional columns will cause the table to run into three pages. The figures for persons, males and females, will occupy the first two pages, and those for variations the third.

(iii) *Table III (Towns and villages classified by population).*—Unchanged.

(iv) *Table IV (Towns classified by population with variation since 1872).*—To save space the columns for sex totals for 1872 and 1881 have been omitted. Those figures can always be obtained (if required) by reference to the tables of the last census. The sex proportional figures for all five censuses will be quoted in a subsidiary table in the body of the reports, which is all that is ever likely to be needed.

(v) *Table V (Towns arranged territorially with population by religion).*—No change.

(vi) *Table VI (Religion).*—No change. Provinces which show non-Christian sects will sub-divide the headings Hindu and Muhammadan according to requirements.

(vii) *Table VII (Age, sex and civil condition).*—Two new quinquennial periods have been added in accordance with the recommendations of the Census Committee of the Royal Satistical Society. For individual districts, the age grouping will be less elaborate, following the practice introduced in 1901.

(viii) *Table VIII (Education by age).*—The columns relating to literacy in the provincial vernaculars have been omitted, but they will be retained in provinces where this information is collected.

(ix) *Table IX (Education by selected castes, tribes and races).*—This table, though optional in 1901, was prepared for all the main provinces except the Punjab. For the coming census it has been made compulsory, as it has been found to be most valuable, on account of the light which it throws on the condition as regards literacy of the different sections of the population, and the progress which each section has made during the decade.

The object of column 2 is to give details by locality where local conditions vary (*e.g.*, in Bengal it is important to distinguish Bengal Proper from Bihar). In one or two cases at the last census, details were given for each district, which greatly increased the bulk of the table, while in several others provincial totals only were given, thereby obliterating local differences. The number of castes selected for the table varied enormously. On the present occasion the Census Commissioner will arrange beforehand with the Provincial Superintendents which castes should be taken for this and similar tables and the localities for which separate figures will be given. The statistics of education, marriage, etc., by caste should make it possible to bring out clearly, not only the differences within a province between castes of different social status, but also the differences which exist in different parts of India amongst the same or corresponding castes.

(x) *Table X (Language).*—The same as in 1891 and 1901. There was some misunderstanding at the last census regarding Dr Grierson's note providing a classification of Indian languages and dialects; and in two provinces the languages returned in the schedules were split up into dialects, for the purpose of Table X, according to considerations of birth place or locality of enumeration. The language should be entered in Table X as actually returned, subject to the classification of entries that do not indicate true languages. All estimates of dialect, etc., should be relegated to the Report Volume.

(xi) *Table XI (Birth-place).*—The same as in 1901. As on previous occasions Provincial Superintendents will tabulate certain extra-provincial birth districts for communication to the other Superintendents concerned. These detailed figures are often of great interest in connection with inter-provincial migration (*e.g.*, in 1901 out of 157,000 emigrants from Bengal to Burma 78,000 were from the contiguous district of Chittagong); but they need not ordinarily be printed in the Imperial Tables. In special cases, where the immigration is of considerable magnitude, this can be done, as indicated in the footnote to the table.

Much light can be thrown on big streams of migration, (*e.g.*, the 146,000 emigrants of 1901 from the Ratnagiri district to Bombay City) by combining birth-place with age, caste and occupation. Such statistics however are needed only in special cases, and no general table is prescribed.

(xii) *Table XII (Infirmities).*—The table should show (*a*) distribution by districts and (*b*) distribution by age. Two additional quinquennial age periods have been provided corresponding with those of Table VII.

(xiii) *Table XII-A (Infirmities by selected castes).*—The only change from 1901 is that "Population dealt with" have been substituted for "Population afflicted" in the main heading to columns 2 to 4. It is essential to know the number of persons amongst whom the infirmities were recorded. This table was optional at the last census.

(xiv) *Table XIII* (*Castes, Tribes, Race or Nationality*).—This table should give statistics only for the more important castes and for any others which local Governments for special reasons wish to include. Any local Government may, if it wishes, order a complete table to be prepared.

(xv) *Table XIV* (*Civil condition by age for selected castes*).—The age periods taken for this table are the same as those which were finally sanctioned at the last census.

(xvi) *Table XV* (*Occupation or means of livelihood*).—The information exhibited in Part A is the same as in 1901, but the occupations are given in the heading and the districts down the side. This is the arrangement which was found most convenient in 1901. The distric details should be preceded by a general summary giving totals for (*a*) Provinces; (*b*) British Territory; (*c*) Feudatory States; and (*d*) Cities.

Parts B, C and D of this table of new. At the last census the agricultural occupation of all persons who returned agriculture as (*a*) their principal or (*b*) their subsidiary occupation was tabulated, but not the non-agricultural subsidiary occupations of the former. In order to obtain a complete view of the extent to which the people of India are dependent on agriculture it is necessary to know also what subsidiary occupations are returned by persons whose main occupation is agriculture. Table XV, Part B, is designed to show this.

Parts C and D of this table need not be compiled unless the local Governments think this desirable.

(xvii) *Table XVI* (*Occupation by selected Castes, Tribes, or Races*).—The plan of this table, which need not be compiled unless local Governments desire to do so, is the same as in 1901, but a few additions have been made. Columns 6 to 9 have been added to throw light on the extent to which castes still practise their traditional occupations. This information was given for Bengal at the last census (so far as the principal occupation was concerned) by means of foot-notes. Columns 10 and 11 are designed to make it possible to discount the tendency of the functional groups to return their traditional occupations as their means of livelihood (paragraph 312 of the last Indian Census Report). The sex detail (which was not prescribed in 1901) is important as it shows for various castes and localities the extent to which women work either at their traditional or some other occupation.

In all provinces Europeans, Eurasians and Armenians should be included in this table.

In addition to Table XVI, which shows the distribution of castes by occupation, some supplementary statistics (similar to those at pages 502–506 of the Bengal Tables for 1901) may, if desired, be prepared showing the distribution of certain occupations by caste.

(xviii) *Table XVII* (*Christians by sect and race*).—The same as in 1901, except for a minor detail of printing. The districts will be arranged down the side of the tables and the sects in the heading.

(xix) *Table XVIII* (*Europeans, etc., by age*).—The same as in 1901.

ERRATUM.

In notification No. 621, published at page 351 of Part I-A of the *Fort St. George Gazette*, dated 7th June 1910, *for* "M.R Ry. Gopindha Patnaik Garu" *read* "M.R Ry. Gopindha Kharasudha Patnaik Garu".

NOTIFICATIONS.

No. 1059.—Under clause (3) of section 3 of the Madras Local Boards Act, 1884, and in modification of notification No. 627 published at page 276 of Part I-A of the *Fort St. George Gazette*, dated 26th April 1910, the Governor in Council is pleased to declare that the local areas included in the Taluks and Deputy Tahsildaris which for the purposes of general administration have been placed from 1st June 1910 under the charge of the Collectors of the districts of Madura, Ramnad and Tinnevelly shall be "districts" for the purposes of the Local Boards Act also from 1st April 1911.

No. 1060.—Under sub-section (2) of section 2 of the Madras Local Boards Act, 1884, the Governor in Council hereby directs that the said Act shall come into force in the Ramnad district from 1st April 1911.

No. 1061.—Whereas it appears that the hamlets of (1) Mangalapuram, (2) Thandalavanipeta, (3) Dokulapadu, (4) Reddikipeta, and (5) Yellavanipeta, which are at present included in the Narasannapeta union in the district of Ganjam, are situated at an inconvenient distance from the union centre, and derive no substantial benefit from their inclusion in the union;

In exercise of the power conferred by section 6 of the Madras Local Board's Act, 1884, and in modification of so much of notification No. 7 published at page 7 of Part I-A of the *Fort St. George Gazette*, dated 6th January 1886, as relates to the Narasannapeta union, the Governor in Council is pleased to exclude the said hamlets from the said union from 1st October 1910.

No. 1062.—Under section 5 of the Madras Local Boards Act, 1884, and in modification of notification No. 231, published at page 365 of Part I-A of the *Fort St. George Gazette*, dated 21st June 1910, so far as it relates to the taluk Board of Periyakulam, the Governor in Council is pleased to declare that hereafter the Local Fund taluk of Periyakulam shall be known as the Local Fund taluk of Uchampatti and the Taluk Board of Periyakulam as the Taluk Board of Uchampatti.

No. 1063.—Whereas it is considered desirable to revise the limits of the Arkónam Union by excluding therefrom the north-east part of Arkónam which consists only of cultivated lands and by including therein certain portions of the villages of Perumuchchi, Ammanúr and Puliyamangalam which are in close proximity to the union centre: in exercise of the power conferred by section 6 of the Madras Local Boards Act, 1884, and in modification of notification No. 454, published at page 171 of Part I-A of the *Fort St. George Gazette*, dated 9th September 1890, the Governor in Council is pleased to declare that the boundaries of the Arkónam Union shall, from 1st October 1910, be as follows:—

North.—A straight line from the trijunction stone in the north-east corner of survey No. 6 of Arkónam village to the stone in the south-west corner of survey No. 227 and thence to the trijunction stone in the south-east corner of survey No. 286 of Arkónam village.

No. 173-*P.*—

THE MADRAS MARINE PLAGUE REGULATIONS.

In exercise of the powers conferred by the Epidemic Diseases Act, 1897, and delegated to him by the notification of the Government of India in the Home Department, No. 2256 of the 22nd December 1906, the Governor of Fort St. George in Council is pleased to prescribe, in supersession of all regulations previously issued on the subject, the following regulations to be observed in all ports of the Madras Presidency:—

1. In these regulations—

(1) 'Vessel' includes anything made for the conveyance by water of human beings or of property.

(2) 'Port Officer' includes any person acting under the authority of Government in charge of port discipline.

(3) 'Master' when used in relation to any vessel, means any person (except a pilot or harbour master) having for the time being the charge or control of the vessel.

(4) 'Sanitary authority' means, as regards the port of Madras, the President of the Corporation of Madras and, as regards other ports, the Collector of the district in which the port is situated. The jurisdiction of every sanitary authority shall, for the purposes of these regulations, extend to seaward for a distance of three miles beyond low water mark on all parts of the coast line bounding the area ordinarily under its jurisdiction.

(5) 'Port Health Officer' shall mean any person appointed by the Government, either by name or by virtue of his office, to be Health officer of a port and includes an additional or assistant Health officer of a port and any officer appointed by the Government or by the President of the Corporation of Madras or by a Collector of a district as the case may be, either by name or by virtue of his office, to perform any of the duties of a Health officer.

(6) 'Observation' means segregation either on board a vessel or in an isolation camp or other place.

(7) 'Surveillance' means that the persons subjected to it will not be isolated; they will at once obtain free pratique, but will be kept under supervision.

(8) 'Infected vessel' shall mean a vessel which has on board a case of plague or of illness in respect of which reasonable grounds exist for believing it to be a case of plague, or on board of which there has been a case of plague or of illness reasonably suspected to be plague during the seven days immediately preceding her arrival.

(9) 'Suspected vessel' shall mean a vessel on which there has been, at the time of departure or during the voyage, a case of plague or of illness in respect of which reasonable grounds exist for believing it to be a case of plague, but on which there has been no case of plague or of illness reasonably suspected to be plague during the seven days immediately preceding her arrival.

(10) 'Healthy vessel' shall mean a vessel which has come from, or which during the voyage has touched at, an infected port, but which has had no death or case of plague or of illness in respect of which reasonable grounds exist for believing it to be a case of plague on board, either before departure, during the voyage, or on arrival.

(11) 'Infected' when used with reference to any articles shall mean infected, or suspected by the Port Health Officer to be infected, with plague.

(12) 'Infected port' shall mean any port which the Government may, by notification in the *Fort St. George Gazette*, declare to be infected.

(13) 'Medical inspection of a vessel' includes such medical examination of the officers, passengers and crew as the Port Health Officer deems necessary.

2. (*a*) The master of every 'infected' vessel shall, when within three miles of the coast of any part of the Madras Presidency, cause to be hoisted by day and by night the port signals for 'infected' vessels, viz., from sunrise to sunset the flag L of the Commercial Code at the foremast head, and from sunset to sunrise a triangle of lights which shall be arranged at a distance of not less than six feet apart, white at the apex and red at the base, to be hoisted where best visible clear of the anchor lights.

(*b*) The master of every 'suspected' or 'healthy' vessel, or of every vessel on which plague or unusual mortality has been observed among rats, or of every vessel which has been in communication otherwise than orally or by signal with a vessel from an infected port shall, when within three miles of the coast of any part of the Madras Presidency, cause to be hoisted by day and by night the port signals provided for quarantine, viz., from sunrise to sunset the flag Q of the Commercial Code at the foremast head, and from sunset to sunrise three white lights in a vertical line, one over the other not less than three feet apart, to be hoisted where best visible clear of the anchor lights.

(*c*) The master shall also signal the fact of the vessel being 'infected,' 'suspected' or 'healthy' immediately to the port authorities independently of the above signals.

(*d*) No tindal or other person in charge of or navigating any registered boat shall attempt to make such boat fast to, or shall take it alongside of, a vessel detained under these regulations or coming from an infected port, until such vessel has been granted pratique by the Health officer of the port.

3. The Port Officer, on the arrival of any vessel displaying the flag or lights aforesaid, or if he ascertains from the master of such vessel, or otherwise has reason to believe, that the vessel is 'infected,' 'suspected,' or 'healthy', or that there is unusual mortality among the rats on board, shall detain such vessel, and order the master forthwith to moor or anchor the same in such place as may be fixed by him, and the master shall moor or anchor accordingly. Provided that in the case of any vessel which has not communicated with the shore, the master, if he objects to submit to the obligations imposed by these regulations, shall be free to put back to sea. In such case, the Port Officer shall send immediate information to the sanitary authorities of the port to which the vessel is bound or at which she is next about to call.

4. While a vessel shall be so detained no person shall leave the same.

5. The Port Officer, on the approach to the port of any vessel displaying the flag or lights aforesaid, or on his detaining any vessel as aforesaid, shall forthwith give notice thereof and of the cause of such detention to the sanitary authority of the port, and also to the Port Health Officer.

6. The detention by the Port Officer of a vessel under regulation 3 shall cease as soon as the vessel shall have been, as hereinafter provided, duly visited and examined by the Port Health Officer, or, if the vessel shall, upon such examination, be found to be 'infected' or 'suspected,' as soon as the same shall be moored or anchored in pursuance of regulation 11.

7. The sanitary authority shall, as speedily as practicable, with the approval of the Port Officer, fix some place where vessels may be moored or anchored for the purposes of these regulations, and shall make provision for the reception of plague patients and other persons removed from vessels under these regulations. The place to be fixed as aforesaid shall be some place within the jurisdiction of the sanitary authority, unless the local Government otherwise orders, in which case the place so fixed shall for the purposes of these regulations be deemed to be within such jurisdiction.

8. On receiving the notice prescribed by regulation 5 the Port Health Officer shall forthwith visit and examine the vessel in regard to which such notice shall have been given, for the purpose of ascertaining whether she is "infected," "suspected," or "healthy" or whether there is unusual mortality or any indication of the existence of plague among rats on board. He shall also do so if he have reason to believe that any vessel which has arrived or is within the jurisdiction of the sanitary authority, whether detained by the Port Officer or not, is "infected" or "suspected" or has come from, or touched at, a port where plague prevails, or has passengers or crew on board who have been within an infected area within the preceding seven days. The master of such vessel shall permit it to be so visited and examined, and shall afford all reasonable facilities for such examination as the Port Health Officer may deem requisite.

9. For the purpose of ascertaining the state of the vessel as aforesaid, the Port Health Officer may demand from the doctor of the vessel or, failing him, from the master a declaration on oath whether there has been or has not been a case of plague on the vessel since her departure, or whether any person suffering from, or suspected to be suffering from plague has left or been removed from the vessel prior to or during the voyage, or whether unusual mortality or any indication of the existence of plague has been observed among rats on board and all particulars relative to any such circumstance; and the doctor or the master, as the case may be, shall be bound to make a true declaration to the best of his knowledge and belief. The master of a ship, any passengers or any members of the crew on board of which have within the preceding seven days been in an infected area, shall be bound to transmit duplicates of passports to the Port Health Officer with his bill of health and to offer him all reasonable facilities for such examination as that officer may deem requisite.

10. When the Port Health Officer has made such examination as aforesaid, he shall forthwith prepare a certificate in duplicate in the form shown in Appendix A or to the like effect, and shall deliver one copy to the master and transmit the other to the sanitary authority. He shall also, if the vessel is "infected" or "suspected," give immediate information of the fact to the Sanitary Commissioner for Madras.

11. The master of any vessel certified by the Port Health Officer to be "infected" or "suspected" shall thereupon moor or anchor her, if he has not already done so, at the place fixed for that purpose under regulation 7 where she shall remain until the requirements of these regulations have been duly fulfilled, and from which she shall not depart without the written or, where communication with the vessel is impracticable owing to stress of weather, the signalled permission of the Port Health Officer.

12. No person shall leave any such vessel until the examination hereinafter prescribed shall have been made.

13. In the case of a vessel certified to be "infected" the following rules shall be observed:—

(i) The Port Health Officer shall examine every person on board.

(ii) If any person on board such vessel is found to be suffering from plague or from any illness which the Port Health Officer suspects may prove to be plague, the Port Health Officer shall certify accordingly. Every person who shall be so certified by him shall, if possible, be disembarked and shall be detained for treatment in a suitable hospital or isolation camp or other place.

(iii) Every person who shall not be so certified by him and whose destination is the port at which the vessel is lying shall be permitted to land immediately on giving to the sanitary authority or the Port Health Officer his name and place of destination, stating his address at such place, and on accepting a passport in accordance with regulation 1 of the Madras Plague Regulations in force outside the Presidency Town or the Regulations for the City of Madras as the case may be. Provided that every person who has been in contact with a case of pneumonic plague shall be disembarked and detained under observation in an isolation camp or other place, and that any other person on board whom the sanitary authority or the Port Health Officer considers in any way likely to carry the infection of plague shall also be disembarked and shall have his clothing and personal effects disinfected.

Provided also that passengers arriving at the port of Madras who have their clothing and other personal effects disinfected by means of the steam disinfector at that port shall not be required to take out passports as aforesaid.

(iv) All other persons remaining on board the vessel (except those referred to in regulation 32 who shall be subject to the restrictions therein specified) shall be placed under surveillance during the time the vessel is in port and shall not be allowed to land without the written permission of the Port Health Officer.

(v) Persons remaining on board shall be kept apart from the crews and other occupants of boats going to and from the vessel.

(vi) The rules laid down in regulations 25 to 30 shall be observed in carrying out measures of disinfection and rat destruction.

(vii) The maximum period of detention of persons, arriving by an "infected" vessel, kept under observation outside a camp, shall be seven days from the date of leaving the vessel; or in the case of persons placed in a camp seven days from the date of the occurrence of the last case of plague in such camp, or, if no such case occurs, seven days from the date of leaving the ship.

14. In the case of a vessel certified to be "suspected" the following rules shall be observed :—

(i) The medical examination prescribed in clause (i) of the last preceding rule shall be carried out, provided that the said examination shall not be required in the case of coasting vessels arriving from ports in India.

(ii) All persons disembarking from any such vessel shall be served with passports as prescribed in the last preceding rule subject to the exceptions therein mentioned. Provided that they shall be under surveillance for only five days from the date of the arrival of the vessel in port, the date being entered on the passports issued under this rule.

(iii) The crew and the passengers on board whose destination is not the port at which the vessel is lying shall be placed under surveillance for a period not exceeding five days from the date of the arrival of the vessel. The crew shall during this period be prohibited from leaving the vessel except on duty.

(iv) No communication shall be allowed during the said period of five days between the crews of boats going to and from the vessel and the persons remaining on board such vessel.

(v) The rules laid down in regulations 25 to 30 shall be observed in carrying out the measures of disinfection and rat destruction.

15. "Healthy" vessels other than those referred to in regulation 16 shall be subject to the same measures as are prescribed for "suspected" vessels in regulation 14. But (i) the period of surveillance (five days) shall be reckoned from the date on which the vessel left the infected port last visited, and (ii) such members of the crew and passengers as are in good health may be permitted to disembark before the expiry of the above period, provided that their clothing and personal effects are first disinfected to the satisfaction of the Port Health Officer, and they are subjected to surveillance while they remain on shore.

16. Vessels on which rats are found by bacteriological examination to be infected with plague or on which there is unusual mortality among rats shall be subject to the following measures :—

(i) Medical inspection of passengers shall be carried out as in the case of "infected" vessels.

(ii) The rules laid down in clauses (i) to (iv) of regulation 13 shall apply to the crew and passengers in these vessels, provided that in exceptional circumstances the Port Health Officer may extend the period of surveillance to seven days.

(iii) The rules laid down in regulations 25 to 30 shall be observed in carrying out measures of disinfection and rat destruction.

17. If on the medical examination prescribed in rules 14 to 16 there appears to be a case of plague or of illness in respect of which reasonable grounds exist for believing it to be a case of plague on board a vessel certified to be "suspected" or "healthy," the vessel shall be treated as an "infected" vessel for the purposes of these regulations.

18. In the case of vessels other than those referred to in the foregoing regulations, which are found to have on board any persons who have been within an infected area during the preceding seven days, the Port Health Officer shall, when the destination of the passenger or the port of visit of the crew is within the Madras Presidency, issue a passport to each individual concerned, if one be not already in his possession, and advise the fact to the next Port Health Officer by the quickest safe method.

19. No persons other than intending passengers shall go on board vessels arriving from infected foreign countries or from infected ports in India, provided that coolies and representatives of shippers may be permitted to do so for the working of cargo in accordance with the rules in appendix H. No persons other than such coolies and representatives shall quit such vessels after embarking thereon.

20. No person detained for treatment or placed under observation shall leave the hospital, camp, place or vessel in which he is detained under treatment or observation before the expiry of seven days from the date of the occurrence of the last case of plague in such hospital, camp, place or vessel, or if no such case occurs, from the date of his leaving the "infected" vessel, provided that the sick shall be detained till they recover or for such period not exceeding seven days as may be necessary for ascertaining whether the illness is or is not plague.

21. Body-linen, soiled clothing, used bedding (except when carried as the personal baggage of travellers), rags and waste-paper shall not be imported into any port in the Madras Presidency from any infected foreign country or from any infected area in India, provided that this prohibition shall not be enforced if the Health Officer of the port of arrival is satisfied that the articles in question were packed in an uninfected country or area and could not have come into contact with contaminated articles on the way, or that the articles were despatched not less than five days before the outbreak of plague. The articles, the importation of which is prohibited under this regulation, are liable to be destroyed without compensation on arrival at the ports of this Presidency.

22. Articles of merchandise landed at any port in this Presidency which are in the opinion of the Port Health Officer infected shall be disinfected, provided that letters and correspondence, printed matter, books, newspapers, business documents, etc. (not including parcels conveyed by post) shall not be subject to disinfection or to any restriction whatsoever. If the articles of merchandise, whose disinfection is considered quite necessary, cannot be disinfected they

shall be stored during a period not exceeding two weeks, provided that there is sufficient storage accommodation in the port concerned. The Port Health Officer shall, if so desired by the owner of the articles of merchandise subjected to the measures prescribed in this regulation, grant a certificate stating the action taken.

23. Cargo shall be landed only after the medical inspection and the measures of disinfection and rat destruction have been carried out in so far as they are required by these regulations in respect of vessels arriving at the ports of this Presidency. The rules in appendix H shall be observed in the landing of cargo.

24. The Port Health Officer may, at his discretion, permit the landing of mails arriving from infected foreign countries or from infected ports in India as soon as the preliminary inspection provided for in regulation 8 is over. The landing of mails shall not be delayed till the other measures prescribed in these regulations are carried out unless such a course is rendered necessary by exceptional circumstances.

25. The destruction of rats on vessels arriving at the ports of this Presidency shall be carried out in the case of—

(i) 'infected' vessels;

(ii) vessels on which rats have been shown by bacteriological examination to have plague; and

(iii) 'healthy' vessels on which unusual mortality among rats has been observed, if the measure is considered by the Port Health Officer to be necessary.

The rats shall be destroyed either before or after discharge of cargo as quickly as possible and, in any case, within a maximum time of forty-eight hours, and in such a manner as to avoid damage to merchandise and to the ship's plating and engines.

The instructions given in Appendix G shall be observed in carrying out the destruction of rats.

26. In the case of vessels lying in infected ports or arriving in harbour from infected ports precautions shall be taken to prevent rats obtaining access from the shore to the ship and *vice versâ*. Between the hours of sunset and sunrise no such vessels shall, except while actually loading or unloading, lie within three feet of the shore or of anything attached to the shore, or be connected therewith by a gangway, rope or other means of communication.

27. If a 'healthy' vessel from an infected port has been subjected to measures of rat destruction in the course of her voyage, these shall not be repeated unless sick or dead rats are found on board.

28. The Port Health Officer shall, whenever requested, furnish the master of a vessel on which measures of rat destruction have been carried out with a certificate to that effect duly signed and sealed by him.

29. The following rules shall be observed in carrying out disinfection in the ports of this Presidency:—

(1) In the case of 'infected' and 'suspected' vessels—

(*a*) such soiled linen, wearing apparel and articles belonging to the crew and passengers as are in the opinion

of the Port Health Officer infected shall be disinfected on shore,

(*b*) such parts of the vessel as have been occupied by persons ill with plague, or are in the opinion of the Port Health Officer infected, shall be disinfected.

(ii) In the case of 'healthy' vessels—

(*a*) such soiled linen, wearing apparel and other articles belonging to the crew and passengers as the Port Health Officer has special reasons for regarding as infected shall be disinfected on shore; and

(*b*) such parts of the vessel and such articles as the Port Health Officer regards as infected shall be disinfected in case there is plague or plague is suspected among rats on board.

In carrying out disinfection under these regulations, the instructions given in Appendix G shall be observed. The master of the vessel shall execute all orders given by the Port Health Officer for purposes of disinfection. If the master neglects to comply with any such orders within a reasonable time, the sanitary authority or the Port Health Officer shall cause the same to be carried into execution at the expense of the said vessel.

30. Vessels from an infected port in respect of which disinfection has already been carried out and which have undergone adequate sanitary measures shall not, on their arrival in another port, be again subjected to these measures, if they have not called at an infected port and no case of plague has occurred on board since the disinfection was performed. A vessel which has merely disembarked passengers and their baggage or mails at a port without admitting on board any person or article shall not be regarded for the purpose of this regulation as having called at the port.

31. (i) As soon as the master of an 'infected' vessel has complied with the requirements and directions of the Port Health Officer as provided in these regulations, the Port Health Officer shall grant him a certificate in the form prescribed in Appendix B and thereupon the vessel shall have all the privileges of a 'healthy' vessel in the port concerned.

(ii) Provided that if a case of plague, or of illness suspected to be plague, occurs on board subsequent to the grant of the above certificate the certificate shall become invalid and the vessel again become subject to the requirements of the regulations regarding 'infected' vessels.

32. If any person suffering from plague or from any illness which the Port Health Officer suspects may prove to be plague cannot be disembarked under regulation 13, he may be detained on board the vessel, which shall remain subject, for the purpose of this regulation, to the control of the Port Health Officer. Such person shall not be removed from or leave the vessel, except with the consent, in writing, of the Port Health Officer, and if the illness from which such person suffered is, or proves to be plague, the vessel shall be treated as an 'infected' vessel.

33. In the event of any death from plague on board such vessel, the master shall, as directed by the sanitary authority or the Port Health Officer, either cause the dead

body to be taken out to sea and committed to the deep properly loaded to prevent its rising, or shall deliver it into the charge of the sanitary authority for disposal, if the former procedure be not in accordance with caste or race customs.

34. It will be the duty of the Port Officer to facilitate the conveyance, to all vessels with plague on board, of such supplies of provisions, stores or other articles as may be required by those on board. Such supplies will be placed on the boats of the vessel, to be subsequently removed by the crew.

35. No vessel bound for Aden, Perim or any port out of India shall commence her voyage from any port in the Madras Presidency until she has been inspected by the Health Officer of the port and the master or person in charge of such vessel has obtained from such officer a bill of health or certificate in the form prescribed in Appendix C.

Such bill of health or certificate shall not be given unless the officers and crew of, and also the passengers if any by, such vessel have been examined by the Port Health Officer before sailing and have been found to be free from plague or illness in respect of which reasonable grounds exist for believing it to be a case of plague, and unless the bedding and personal effects of such members of the crew as have embarked in the vessel at the port and of all the passengers below the second class have been disinfected, before being put on board, to the satisfaction of the Port Health Officer.

Provided that the medical examination prescribed in this regulation shall, in the case of the officers, passengers and crew of the vessel who have been continuously on board during the stay of the vessel at the port and have not newly embarked in the vessel, be carried out on board and not on shore.

Provided also that the disinfection prescribed in this regulation shall not be necessary in the case of passengers proceeding to any port in Ceylon, except such as have come from an infected area.

Provided further that if any port in the Madras Presidency becomes infected with plague, a certificate in the form prescribed in Appendix F, instead of in the form prescribed in Appendix C, shall be granted to vessels bound for Aden, Perim or for any port out of India.

36. In the case of a vessel bound for Aden, Perim or any port out of India that has called at any port in the Madras Presidency in the course of her voyage, the inspection with reference to such vessel by the Port Health Officer shall be limited to the medical examination * on shore, prior to embarkation, of such members of the crew or passengers as intend to embark in such vessel at the said port, coupled with the disinfection, as aforesaid, of the bedding and personal effects of the same persons below the second class, and the bill of health under this regulation shall be in the form prescribed in Appendix D.

* A certificate in the form prescribed in Appendix E by a commissioned medical officer appointed for the purpose, and dated not more than 12 hours before the departure of the vessel, shall be accepted in lieu of examination of passengers of the first and second classes by the Port Health Officer at an uninfected port. Such certificate shall be annexed to, and form part of, the bill of health.

Provided (1) that, if any port in the Madras Presidency becomes infected with plague, any vessel calling thereat, and bound for Aden, Perim or any port out of India, shall have no communication with such infected port except under such precautions as the Government may prescribe or the Port Health Officer think necessary.

Provided (2) that all vessels shall be inspected by the Port Health Officer at the last port of call in this Presidency prior to proceeding to Aden, Perim or any port out of India.

37. In the case of any vessel bound, from any port in the Madras Presidency uninfected with plague, to any port in India excluding Aden and Perim, the medical examination of the vessel, crew and passengers and the disinfection of their bedding and personal effects above prescribed shall not be carried out.*

Provided that, if any port in the Madras Presidency becomes infected with plague, the same rules with regard to medical inspection and disinfection as are above prescribed for vessels proceeding to ports out of India shall be enforced in the case of vessels proceeding to ports in India.

38. In the case of vessels of the Royal Navy and foreign vessels of war, the inspection, prescribed in the preceding regulations, of all officers, men, crew and of the persons on board, if any, may be made just before the vessels start by the Naval Medical Officer on board, in the presence of the Health Officer of the port, who shall countersign the Naval Medical Officer's certificate, if he is able to do so.

39. All vessels belonging to the Ceylon Government which may leave ports in the Madras Presidency with emigrants for Ceylon shall be exempted from medical inspection and disinfection of bedding, etc.

40. No person shall be allowed to embark on board a boat or vessel leaving—

(*a*) any port on the east coast of India south of Madras, or

(*b*) Mangalore, or any port south of Mangalore, on the west coast of India,

for any place on the coast of the Northern Province of Ceylon or any island adjacent thereto, or for any place on the west coast of Ceylon between Colombo and the southern limit of the Northern Province, or any island adjacent to such west coast.

41. No Asiatic or African passenger shall be permitted to embark on board a boat or vessel bound for a port in Ceylon at any port in the Madras Presidency where an officer of the Ceylon Government is stationed for the purpose of regulating emigration, unless he holds a permit to land in Ceylon granted by the said officer of the Ceylon Government.

42. (*a*) Should the Health Officer of the port consider that any passenger examined in accordance with these regulations is suffering from plague or suspected plague, or is not free from the infection of plague, he shall prevent such

* This rule does not apply to vessels bound out of India which call at one or more Indian ports in the course of their voyage.

person as well as those who, he has reason to think, have been in dangerous communication with the said passenger from embarking, and their baggage and personal effects shall not be allowed on the vessel and, if already placed on board, shall be removed as early as possible and shall be disinfected to the satisfaction of the Health Officer.

(*b*) Should the Health Officer of the port consider that any member of the crew or passengers already on board of the vessel is suffering from plague or suspected plague, or is not free from the infection of plague, he shall prevent such person from sailing on such vessel and shall refuse to give the bill of health, unless and until the baggage and personal effects of such person have been removed from the vessel and disinfected to the satisfaction of the Health Officer and such parts of the vessel as have been occupied or frequented by such person shall have been disinfected to the satisfaction of the Health Officer, and all such procedure and precautions taken as regards the disinfection of the vessel shall be noted in the bill of health. The baggage and personal effects also of such persons as were in dangerous communication with such infected case shall, according to the discretion and under the supervision of the Health Officer, be disinfected, and the names of these persons shall be given to the vessel's surgeon or the master or person in charge of vessel.

(*c*) All persons so removed or prevented from sailing shall, at the discretion of the Port Health Officer, in accordance with the requirements of individual cases, be detained in a hospital or isolation camp or other place, or be placed under surveillance; and such persons as are detained in a hospital or isolation camp or other place shall not leave it until the chief medical officer present at the spot shall have certified that they are free from the infection of plague

(*d*) All contaminated or suspected articles shall be thoroughly disinfected on shore under the supervision and to the satisfaction of the Port Health Officer.

43. After the master or person in charge of the vessel has obtained a bill of health under the provisions of these rules, no person or cargo * or goods of any kind shall be embarked or disembarked before the vessel leaves the port unless such vessel is again inspected by the Port Health Officer and another bill of health obtained from such officer by the master or person in charge of the vessel.

44. Vessels not leaving port before 6 A.M. of the day following the medical inspection may not leave without reinspection and the grant of a fresh bill of health. Such reinspection may be conducted on board.

45. The Port Health Officer shall intimate by express telegram the departure of any 'infected' or 'suspected' vessel or any vessel on which there has been plague or unusual mortality among rats to the Health Officer of the next port at which the vessel is expected to call.

46. If there are on board a vessel which is not 'infected', 'suspected' or 'healthy' passengers or crew who have within the preceding seven days been in an infected area, the Port Health Officer shall, when the destination of the passenger or

* Mail bags are included in 'cargo' under this regulation.

the port of visit of the crew is within the Madras Presidency, issue a passport of the kind prescribed in the Madras Mufassal or City Plague Regulations to each individual concerned, if one be not already in his possession, advise the fact to the next Port Health Officer by the quickest safe method and also note it on the bill of health.

47. No port clearance shall be delivered to any vessel bound from any port in the Madras Presidency to Aden, Perim or any port out of India until the master or person in charge of the vessel shall produce a bill of health or certificate granted under these Regulations, provided that the Customs Officer may entrust the port clearance to the Port Health Officer for delivery by him to the master or person in charge together with the bill of health.*

48. The rules in these regulations with regard to the importation and disinfection of articles of merchandise, etc., shall apply, as far as may be practicable, to the exportation of such articles in vessels sailing for foreign ports and coasting vessels leaving for Indian ports if the ports at which the said articles are shipped are infected.

49. Any person disobeying or contravening any of the foregoing regulations shall be deemed to have committed an offence punishable under section 188 of the Indian Penal Code and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months or with fine which may extend to one thousand rupees, or with both.

* If any port in the Madras Presidency becomes infected with plague, this rule applies also to vessels leaving such port for any port in India.

APPENDIX G

Instructions for Disinfection and for Destruction of rats in holds.

Effects of no value to be burnt.—Personal effects, rags, infected bandages, papers and other articles without value should be destroyed by fire.

Disinfection by Steam.—Under-clothing, bedding, wearing apparel, mattresses, carpets, etc., which are contaminated or suspected, and other articles to be disinfected should be exposed for fifteen minutes to saturated steam—under pressure if possible—at a temperature not less than 100. C. (212 F.), care being taken that the steam shall reach all parts of such article to be disinfected.

Before a steam disinfector is passed as efficient for the purposes of disinfection, it should be subjected to a test with the aid of a signal thermometer, showing the moment when the temperature in the middle of a mattress rises to at least 100 (Centigrade).

To ensure that the disinfection is effective, this temperature must be maintained for from 10 to 15 minutes

Disinfecting Solutions—Perchloride of mercury has been discontinued as a disinfectant for plague—*vide* G O., No. 350 P., dated 28th April 1909.

The following disinfecting solutions may be used :—

(*a*) A solution of cyllin, 1 part in 40.

(*b*) A 5 per cent solution of pure crystallised carbolic acid, or 5 per cent. of crude commercial carbolic acid in a warm solution of soft soap.

(*c*) * Fresh slaked lime.

Special instructions to be observed in the employment of disinfecting solutions.—The linen, clothing and articles soiled by the excreta of patients should be soaked in the solution of cyllin (1–40). The solution of pure carbolic acid and the solution of soap and carbolic acid are equally suited to the purpose. The articles should remain in the solution for half an hour. Stir about once or twice and see that they are thoroughly soaked with the fluid.

Articles which cannot be subjected to the temperature of the steam disinfector (100 Centigrade) without injury, such as leather goods, wooden articles stuck together with glue, felt, velvet, silk, etc., should be washed with solution of cyllin (1–40) or one of the other solutions mentioned above; coins can be disinfected with the solution of soap and carbolic acid.

Persons engaged in nursing the sick should wash their hands and faces with one of the carbolic solutions.

The carbolic solutions will be useful more particularly for disinfecting articles, such as metals, instruments, etc., which cannot be subjected to a temperature of 100 Centigrade.

Slaked lime is particularly recommended for disinfecting excreta. Expectorated matter should be burnt.

Disinfection of Vessels with plague patients on board.—The cabin or cabins and all parts of the vessel occupied by the sick or the suspected should be cleared out, and all articles in them should be treated as described above.

The partitions should be disinfected with kerosine oil emulsion or such other pulicide as the Health Officer may think fit. The washing should commence from the top, horizontally, and be continued downwards, so that the whole surface of the partition becomes covered with a coating of minute drops.

The boarding should be washed with the same solution.

Two hours after, the walls and flooring should be washed over with plenty of water.

Launches, cargo-boats, small craft, etc., should similarly be disinfected with such pulicide or disinfectant as the Health Officer may deem suitable.

* To get very strong slaked lime take lime of good quality and slake it by moistening it gradually with half its weight of water. When the operation is completed, put the powder in a carefully corked receptacle and place it in a dry spot. As each kilogramme of lime absorbs 500 grammes of water in order to become slaked, it acquires a volume of 2 litres 200 grammes and it is sufficient to dilute it with double its volume of water, say, 4 kilogrammes 400 grammes, to obtain a whitewash which will be of about 20 per cent. strength of lime.

Disinfection of the hold of an infected vessel.—To disinfect the hold, sulphate of iron, in quantity sufficient to neutralize the sulphuretted hydrogen, should first be thrown in, the bilge water should be pumped out, and the hold washed with sea water. Solution of cyllin (1—40) should then be thrown in.

The bilge water should not be pumped out while the vessel is in port unless the bilge has been thoroughly disinfected.

If the vessel is empty, steam should be blown down the sounding pipe to cause the solution to mix thoroughly, after which the bilges can be pumped out in port.

If the vessel is full of cargo, steam cannot be blown through till the vessel is empty, but as soon as she is emptied this can be done and the bilges may then be pumped out.

Destruction of rats in the hold.—This should be carried out by means of asphyxiation with the Clayton machine. In places where this machine is not available sulphurous acid fumes should be utilized. This is obtained by burning sulphur in the proportion of 1½ to 2 lbs. of sulphur for every 1,000 cubic feet of air space in the hold, after closing up every likely channel of escape. Several furnaces may be charged with sulphur in the same hold. The fumes should be confined to the hold for about six hours, no person should enter the hold for six hours after opening out the hold, that is, the fumigation is best done at or about 12 noon and the hold can then be left open all night. Where the Clayton machine is used fresh air can be pumped in and the hold may then be entered sooner.

APPENDIX H.

Rules for the working of Cargo.

(See regulations 19 and 23.)

'Healthy' vessels on which no plague or suspicious mortality among rats has been observed will be allowed to work cargo on the following conditions:—

(i) Crews shall be inspected night and morning and shall not leave the vessel.

(ii) Only registered coolies shall be employed to work cargo.

(iii) A representative of each shipper may be permitted by the Port Health Officer to go on board in connection with the landing and shipping of cargo.

(iv) Policemen shall prevent any but those referred to in clauses (ii) and (iii) from going on board.

(v) Boats and cargo shall be examined for rats.

A list with addresses of shore coolies employed to work cargo should be maintained by the Port Health Officer who may at his discretion, place under surveillance any such cooly who does not return each day to work.

GOVERNMENT EXAMINATIONS.

SPECIAL TEST EXAMINATIONS—OCTOBER 1910.

NOTICE TO CANDIDATES FOR THE PRÉCIS-WRITING TEST.

The following instructions are published in order that candidates may know what is expected of them in this test :—

Instructions to Candidates.

The object of a précis is that any one who has not time to read the original correspondence may, by reading the précis, be put in possession of all the leading features of what passed.

2. The candidate should begin by reading the whole of the correspondence carefully through without writing anything, so that he may clearly understand what passed and be in a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

3 The précis should begin with a brief and lucid introduction to the subject under treatment. This should be followed by a narrative in the past tense containing a brief and clear statement of the contents of the correspondence, *not* in the order of the papers nor even necessarily in chronological order, but in *logical* order. An abstract of every paper in the correspondence or an index of its contents is not a précis

4 The merits of a précis are—

(1) to contain all that is important in the correspondence and nothing that is unimportant ;
(2) to present this in a readable and consecutive shape, expressed as intelligently and distinctly as possible ;
(3) to be as brief as is compatible with completeness and clearness ;
(4) to present a strictly accurate and logically connected statement of the contents of the correspondence.

No candidate can expect to pass who omits any one of the most important points ; marks will be deducted if unimportant points are included or if facts are repeated unnecessarily ; *e.g.*, it is not ordinarily necessary to give the date of every paper in the correspondence and the full name and designation of the writer or recipient of every letter ; and if a fact is repeated in different papers it need not generally be noted more than once in the précis

5. Grammar, spelling, style and handwriting will be considered in assigning marks ; but it must be remembered that mere excellence in composition will not compensate for inaccuracy or incompleteness in the presentation of the facts of the correspondence.

5. The prescribed fee must be paid into a Government Treasury or, in the case of Madras candidates, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application. *On no account will the fees be received in the Commissioner's office.*

6 Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, all the necessary enclosures *being securely fastened to it* :—

[*Application for admission to the Special Test Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Madras.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose an addressed post card in their applications. Such post cards will be returned to them in due course with the "Received" or "Despatched" stamp of the office impressed upon them. The post card should bear the sender's address only *and no other writing*. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate enquiring whether his application has been received. Insufficiently stamped covers will be *rejected*

7. Candidates should write their names, their fathers' names, and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also. Candidates for the Translation Tests should give the vernaculars in which they desire to be examined. Applications defective in any particulars will be returned, and if they are not re-submitted with the omissions supplied, *so as to reach this office within a week from the date of* the objection memorandum, they will not be accepted.

8. Except the Précis-writing Test, the Revenue Test, Higher Grade, and the Criminal Judicial Test Higher and Lower Grades, the Special Tests are open to all persons who have passed the Madras Upper Secondary Examination or the Matriculation Examination of the Madras University or any other examination recognized in article 1 of the Public Service Notification as equivalent.

[*Note* 1.—The Précis-writing Test is open only to persons eligible to appear for the Revenue Test, Higher Grade.]

[*Note* 2.—For information regarding the conditions to be fulfilled by candidates for the Revenue Test, Higher Grade, and the Criminal Judicial Test, Higher and Lower Grades, applicants are referred to the notes under article 4 of the revised Special Test Notification, copies of which are on sale at the Government Press, Madras.]

[*Note* 3.—Only graduates in law are eligible to appear for the examination in the Code of Criminal Procedure referred to in paragraph 4 (12) *supra*, which is the same as that prescribed for the Criminal Judicial Test, Higher or Lower Grades.]

[*Note* 4.—Public servants employed in the province of Coorg who do not possess the general education qualification prescribed for admission to the Special Tests will be admitted to the examination if they submit along with their applications a certificate from the Chief Commissioner granting them special permission to appear.]

[*Note* 5.—District Registrars will not be required to pass in the Civil Rules of Practice or in the Provincial Insolvency Act III of 1907. The Examination in the Civil Rules of Practice will, for the present, be confined to the schedules appended to the revised Civil Procedure Code now in force.]

9. No candidate will be allowed to come up for both the Higher and Lower Grades together of the same test. No notice will be taken of any letter from a candidate requesting permission to bring up other tests in lieu of, or in addition to, those entered by him already in his application.

10. No notice will be taken of the application of any candidate who selects a centre which is not included in the list of centres given in paragraph 1 *supra*.

11 Candidates not employed in the Public Service cannot, *under any circumstances*, be allowed to change the place of examination named by them in their applications Candidates so employed will be allowed to do so in special circumstances, if application is made on their behalf before the 31st August by the head of the office in which they are employed and it is certified that the change is *necessary in the interests of the public service. Candidates changing their place of examination without the knowledge and consent of the Commissioner must be prepared to have their examination annulled.*

12. *The fee paid by a candidate who absents himself from the examination, will on no account be refunded to him, whatever may have been the cause, public or private, that prevented him from attending the examination. Nor will the fee be refunded to any candidate who may be found to be ineligible to appear for the examination Candidates are accordingly warned to satisfy themselves, before sending in their applications, that they are eligible, under the rules in force, to be admitted to the tests for which they apply.*

13 *Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied as to the trustworthiness of his results, he may be required to undergo a re-examination in any one or more of the subjects of the examination for which he appeared, his success or failure, being determined on the results of such re-examination.*

14. Subject to any changes that may be rendered necessary, the examination will be conducted in the order of time and subjects shown in the subjoined table :—

COLLEGE OF ENGINEERING, MADRAS.

ENTRANCE EXAMINATION FOR THE SUBORDINATE ESTABLISHMENT OF THE ACCOUNTS BRANCH, PUBLIC WORKS DEPARTMENT.

An examination of candidates from the Madras Presidency will be held on Monday, 5th September 1910, at the College of Engineering, Madras, and provincially at the office of any superior officer of the Public Works Department. The examination at any centre will be invalidated if it be not begun and completed on the above-mentioned date, but the officer superintending the examination may make his own arrangements with the candidates regarding the place and hour of the examination. Candidates for examination at the College will forward their applications direct to the Principal on or before the last Monday in August.

Provincial candidates should apply to a superior officer of the Public Works Department not later than thirty days previous to the date fixed for the examination. Their applications must be forwarded to the Principal through the Public Works officer.

Every application must be accompanied by a fee of ten rupees (Rs. 10), which will under no circumstances be refunded, to be paid in cash or by money order, and by the following statement and certificates :—

STATEMENT to accompany an application for registration of name for the Entrance Examination, Accounts Branch, Public Works Department, to be held on Monday, 5th September 1910.

Full name.	Age.	Certificates sent.			Occupation.	Address.
		a	b	c		
	Years.					

Place of Examination.

Date (Signature of Applicant.)

I consent to superintend the examination of the applicant at the above-named place.

(Signature of Officer.)

N.B.—A candidate must furnish with this statement—

(*a*) Certificate of good character, covering a period of not less than two years immediately preceding the application, from a superior under whom the candidate has served, or to whom he is well known, or by whom he has been educated.

(*b*) Certificate that the candidate is under 25 years of age (not required if candidate is in permanent Government employ or in a service which is pensionable by Government). This certificate must be signed by a Medical officer of rank not lower than Assistant Surgeon.

(*c*) Certificate that the application is in the candidate's handwriting.

The certificates may be submitted in original or by authenticated copies, but none will be returned.

The Principal will decide from the certificates whether an application should be registered or rejected.

Examination papers for registered candidates will be sent from the College to Superintending officers in time for the examination. The following are the subjects of examination and the marks for each. In order to pass, a candidate must obtain the minimum marks in each subject and, independently, two-thirds (400) of the total marks :—

	Maximum marks.	Minimum marks to pass.
Writing (*neatness, clearness, and rapidity*)	100	50
Dictation (*spelling, punctuation, etc.*)	100	50
Arithmetic (*the whole*)	240	120
Mensuration (*the whole*)	60	30
Book-keeping (*mercantile*)	100	50
Total ..	600	400

Each examination is complete in itself. A candidate who fails at an examination and wishes to appear at a subsequent one must furnish a fresh fee and certificates and undergo the full examination.

The College of Engineering acts solely as an examining agency. Passed candidates should apply (1) to the Examiner of the Public Works Accounts, Madras, for direct appointment as Accountant, or for appointment as accounts clerk in the Examiner's office, (2) to Superintending Engineers for appointment as accounts clerk in Executive Engineers' offices. The passing of the examination does not give any claim to appointment.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynaad taluk, Anjengo, Tangassen, the seventeen outlying pattams of British Cochin and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licenses shall be issued on the application—

(*a*) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(*b*) of persons having the exclusive privilege of manufacture and supply of cocoanut toddy arrack as foreign liquor;

(*c*) of persons having the exclusive privilege of manufacture and vend of country spirits in British Cochin;

(*d*) of tappers on their own application in the South Canara district, provided the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*e*) of tree owners generally, and of sweet-toddy tappers in the Godavari district, and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, for not more than five trees in the case of tree owners and three trees in the case of sweet toddy tappers, for the drawing of toddy required for domestic consumption, but not for sale; and

(*f*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory.

In cases (*a*), (*b*), (*c*), (*e*) and (*f*) the licenses may be issued in the name of the applicant himself or of his nominee, and in case (*d*) in the name of the applicant only

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Salt treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor

4. (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkári and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of Salt, Abkári and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T.T. 5, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier

(2) Applications for tree-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into British treasuries and subject to such restrictions regarding permits, etc, as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable on tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Godavari district and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadal (*Arenga Wightii*) trees in South Canara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for cocoanut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees having been illicitly tapped, when the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Districts	Wyemani palms (for each half-year as defined in rule 11 above).	Sago palms (for each half-year as defined in rule 11 above)	Pal nyra or date palms (for the whole year as defined in rule 11 above).	Budamal (*Hyphæne Indica*) palms (for the whole year as defined in rule 11 above).
